## INDIVIDUAL VS.THE PEOPLES

I....an individual....not a gang..... Declare by way of this proposed constitutional amendment that it's immoral for "me" to sponsor what I feel, think or believe is wrong.

Freedom to choose along my highest and best moral and ethical judgment from the present menu of government services how my own tax money is spent is an essential ingredient of my own freedom and humanity.....for me anything less is slavery and dictatorship of the gangs, by the gangs, and for the gangs.

To ask someone to see their time, money, effort, pain and tears.... (Through taxation) (162 days out of the year) Go not to those programs they want to help is cruel and unusual punishment. To have any part of an individuals life go to sponsor those types of behavior which that individual believes to be bad or evil is to ask that individual to be inhuman, unconscionable, and guilty of sponsoring tyranny, religious madmen or other non-productive political siphons here and abroad.

That's the complete amendment.

I sent this book, by snail mail, to each of the 526 members of congress, pres and vice pres, supreme court,.....also rush Limbaugh, libertarian party and Cato institute in 1990?(before george bush sr.saved quate for the monarchs.....with your kids and your money....The head of the ethics committee wrote me a letter and said he "would" see me. I saw him on TV and I liked him a lot but I didn't go. In his letter he said america had become like a mobocracy. I laughed and appreciated that so. But now I wish I had gone to see him. Maybe

## INDIVIDUAL VS.THE PEOPLES

I could have stopped the insanity that america has become by actually getting the individuals right to not support bad stuff. No guts I guess. Certainly no faith in individuals against legalized gangsters in america. Wish someone would pursue this worldwide conscientious objector status for tax payers funding bad things and supporting what they don't approve of; and to support good things only with your individually created compassion revenues. ( your tax bill) that you want to be helpful with.

## Chapter 1

My musings at that time, in the language of the time, is as follows:

If you want to give your tax revenues to one party only, then of course that's exactly what this amendment would allow you to do.

If you thought one congressional representative or another could best determine the most effective dispensation of your funds, then the amendment, I believe is not too much to ask for, considering the hard work, effort and time away from loved ones that went into creating that money.

Of course, for those individuals who feel strongly about their money going only to the poor or to the military or not going to the military they should be allowed their moral and ethical judgment to fully function. If that is all they asked for, to be allowed to believe they are an effective part of the once greatest bastion of individual freedom on the face of the earth and their hard earned money isn't being wasted but was really helping what was important to them, then I don't think signing this amendment is too much to ask.

If the language of the proposed amendment does not fit your sentiments, then by all means, change it, cross certain things out, add what you feel is appropriate. One lady signed the amendment but crossed out "anything less is slavery." I thought that was great. She said; "I signed your declaration, but in good faith I had to delete the sentence regarding slavery and dictatorship. I do not feel we live under a

## INDIVIDUAL VS.THE PEOPLES

dictatorship. We can vote and change our leaders. I understand your feelings of nothing being done and having your tax money going for things you don't want to contribute to. It seems our income tax forms could have boxes to mark say 25% for schooling, 25% for underprivileged and 25% for roads. Our legislators managed to put a box for \$1.00 as contribution to their elections. Doesn't seem that was too difficult." That's exactly what she wants and that's exactly what I think she should get... That is not too much to ask for. If I might speak for her: "to eliminate unproductive frustration"

Although by most, this proposed amendment will be considered political in fact it is not. It is a public.....moral and ethical debate on the fundamental right of the individual to not have to sponsor, or do things, which that individual thinks, feels or believes is wrong." If the individual isn't qualified to determine how his own tax money is spent.... Then why is he qualified to tell other's how to spend their money? It is not only your right to decide,....but in the my opinion; "It is a fundamental, moral and ethical necessity, without which you or I am to blame for everything done in your name....with your money....that you feel, think or believe is wrong.

Let me try to explain the inherent value of your individual judgment to your fellow men using an analogy of the wheat story. The true collective intelligence of wheat, and all other species, is represented by the individual wheat seed. In Washington there is an entire building to house the world's genetic diversity representing just wheat. Each seed the world over has a genius for survival and prospering in tremendously

## INDIVIDUAL VS.THE PEOPLES

adverse conditions. Drought, too much water, mold, insects, disease, predators of all kinds, low nutrient levels, too many nutrients, rock, too much sun, not enough sun, high altitude, low altitude, snow, mud, flood, etc. etc. etc. extreme and immediate variations of these and more. In the diversity and ability of each seed to promote its own growth and sponsor what it knows is appropriate in the face of adversity, is the true and sum total of that populations intelligence and ability of the species to survive and flourish. It is analogous to the human species. For the true collective intelligence (compassion, insight, genius) of men to flourish each individual must consult his highest and best judgment. Force, fraud, and lying, destroys the encyclopedia of human insights. If everyone in the u.s, and someday the world got to decide where to spend their individually created compassionate revenues (taxes). From the menu of government services, they would exercise, if allowed to, that kind of genius, compassion, and insight of intelligence, which is the real and sum total of mankind's knowledge. Individuals wouldn't spend their hard earned money, effort, property, pain, tears, and time, to the sum of 162 days per year on things they abhor. They will spend their own tax liability on things their compassion and insights lead them to want to and be motivated to support. They won't spend their own money (not for long anyway) on programs that don't work. They will insist (if allowed to) that their money be spent as their highest and best judgment proscribes, thereby truly capitalizing on the seed of genius, compassion and intelligence of each individual.

If he is wrong, then he is wrong with his life only, as opposed to

## INDIVIDUAL VS.THE PEOPLES

sponsoring contagious folly. If he wants to support the communist manifesto, the democratic german socialist republic or any of the other pretty sounding, far out, half baked, intellectual clap trap from state certified populist academic philosophers, willing to dispose their lives for someone else's ideals then who cares if its on the menu as long as what I call his disease doesn't infect you or me. What the heck. He may be partially right or all wrong but who cares if it's with his own life and money.

Please Sign it...get your friends to sign it or maybe they would explain to you why your life, judgment, money, wife and children can be mortgaged and conscripted by your moral superiors to sponsor things that you don't approve of. There was no income tax in the u.s. before 1913. I believe this or a similar amendment is long overdue in the name of the men who formed the principles of self rule in the Constitutional Republic of America.

I'm just one guy trying to stop the lawyers in congress financial time bomb from going off in my children's future.....(44,000.00 at birth in 1992) If I could get control of how my own tax money is spent, then..... I would feel good about paying my taxes!...and I'm sure you would make your money count, for good things you cared about too.

The following excerpts are from: NEW HOPE FOR FREEDOM: "Fully informed jurors by Don Doig. In the words of John Adams: "The right of the jury to decide questions of law is widely recognized in the colonies. A juror should ignore a judge's (lawyers) instructions of

## INDIVIDUAL VS.THE PEOPLES

the law if it violates fundamental principles: it is not only the juror's right, but his duty, in that case, to find the verdict according to his own best understanding, judgment, and conscience, though in direct opposition to the direction of the courts. Thomas Jefferson said in a letter to Thomas Paine in 1789: "I consider trial by jury as the only anchor ever imagined by men, by which a government can be held to the principals of it's constitutional intent" What do you think the men who signed the constitution of America would think about america today? Do you think they would sign this proposed amendment guaranteeing each and every individual the right to act morally and ethically, which of course, must include what they sponsor? These principles date back to the Magna Carta in 1215. Since then, they have been under attack by gangs of lawyers in gov't. In 1670, William Penn was arrested for breaking the law of England by preaching a quaker sermon. Jurors refused to convict him, and were held without food, tobacco or toilet facilities for nine weeks. When they were finally released by court order, the decision established that jurors could no longer be punished for their verdicts. This helped establish freedom from and of religion, the right to a trial by jury of one's peers, and a jury free from gov't coercion.

There are many people angels I think the spooks call them, who will not do what they think is wrong and will stand up for what they think is right. I think the majority of judges and lawyers who every day courageously put their good lives at risk to confront very bad and evil men, no matter what bribes and threats they experience they do the right

## INDIVIDUAL VS.THE PEOPLES

thing. I believe in good, brave, strong, tough guys like that and am proud to be human because of these incorruptible hero's and are the reason for me to enjoy having been alive... My dad was a nice tough guy too. It ain't yous I'm talking about in the rest of the book Lawyers in congress should be eliminated. Private, mutually bound litigation or dispute resolutions can best handle force, fraud or breach of contract hereinafter known as ffbc. Most judges and lawyers would be reemployed by individuals who would mutually submit to their judgment. There would be a high degree of specialization enabling an increase in their understanding of various material regarding mutually bound, voluntary, contractual obligations, fraud or force and violence. They of course, without the power of guns, must inevitably go out of business if someone can do a better job for less. Lawyer or not. Lawyers today employ the coercive powers of the state. Most behavior, the first 100 years was, and still should be self determined, provided there is no criminal hurting and stealing. ffbc, Some 80 to 95% of all laws today deal with the mandatory compliance of activist judges with their own self appraised superior, conscriptionist, non-voluntary, socialist engineering mandates i.e. (demand for individuals to act and sponsor, in a proscribed way, without regard, to the wealth of information, compassion, judgment, economics, ethical or moral considerations of the individual, implied by that demand\_. The concept of the people at the time of the constitutional signing, referred to individuals exclusively. At that time, it was inconceivable that the concept of the people could be turned by linguistic fraud and domestic terrorism into a

## INDIVIDUAL VS.THE PEOPLES

concept which represented gangs, with inalienable rights to dispose of unorganized, unrepresented individuals. As a country of immigrants our forefathers were all escaping from the certified, ordained, mandated, or self appraised moral supremacists willing to dispose of our lives for their ideals. Our system of laws have been perverted by these subverters of individual integrity. Our founding fathers planned a jury of 12 peers who would eliminate the advance of misguided, statist, gun sponsored, genocidal and generational cannibalism. congressLawyerjudges with a monopoly on defining law and order have turned into a self proclaimed mighty brotherhood. This original and most powerful union, which licenses all other unions, state, local etc have worked it out so the jurors aren't supposed to comment on the defendants right to behave consistent with his integrity and compassion, (provided force, fraud or breach of contract is used) and ask , only, whether he believes he didn't pay enough taxes (without the ability to decide what that money is specifically used for) or shot enough gooks and that could mean anyone who didn't sign on any dotted line. .

Nazi's couldn't have succeeded without their lawyers stealing and financially ruining the jews or anyone else not in the german catholic society. In the misguided concept of the germans god, the "good germans" murdered jews; and the inappropriate, deafening, popes silence, for years cause they knew what was going on and did nothing. SAID NOTHING! That pope subsequently apologized, kinda, for what that's worth.... In the germans unshakable faith in their country, Not the individual, the good germans murdered jews and every other individual

## INDIVIDUAL VS.THE PEOPLES

who exercised their best moral judgment. In America, they don't talk about right or just or moral or conscientious responsibility to behave as the individual may see fit as is his right, granted by the constitution and documented by the first 150 years experiment with self rule, but on the mindless subordinating obedience to their newly formed precedence which date back all of 1 to 40 years. America's proliferation of obedience to anyone's collective opinion but your own is sponsored by this effectively parasitic class of people. Their fees from the productive gross national product are raised by their own union bar association, congress, by 35 billion with a 15% self raise every year.

Lawyers don't make anything. They don't make cars, food, clothing, houses, nothing. (I said that around a lawyer one time and he said they did make something. I asked him what and he said that they make the laws.) I disagree. The law is no force, no fraud, and no breach of contract without just compensation. They are non productive, or counter productive and have to confiscate your tools and cannibalize your life and dreams as clearly they think it is their right. They're debaters, professionally trained liars who put pressure on the intestines of the once great bastion of individual freedom and integrity (not gang rights) known as America. In effect they increase the world's misery and poverty; producing nothing and further guaranteeing an ever increasing claim on productive individuals by generating laws and legalese which are effective to them in direct relationship with their incomprehensibility. Poverty, misery, unemployment can only be alleviated through an increase in production, not redistribution or the

## INDIVIDUAL VS.THE PEOPLES

theft of ones tools and ability to produce. All lawyers in relation to production are a disease on the solution of poverty and misery.

To write laws so confusing that only one profession (lawyers) can argue equally convincingly on both sides of an issue reminds me of doctors who used to write prescriptions in Latin so no one would know what they were taking or talking about. It added to their mystic.

Doctors and their certified government approved methods of treatment decreased the patient's survival for other than the last 50 years. As dictated by their collective society, brotherhood, union, monopoly or gang of what does and what does not help have succeeded in decreasing the patient's survival throughout the ages. There is a place in England that the blood is 40 feet deep on acres of ground from bloodletting that was proscribed for everything. Unproductive and counterproductive parasitic lawyers today make more from the health profession than do the doctors! Doctor's are anathema to today's disease on the productive known as lawyers. Doctors are totally productive, total free choice and voluntary. If they are not considered worth it then no one is there to force anyone to procure their services. It's strange to me to have people who can't quit smoking or rectify the simplest of health precaution in their own life believing they are qualified to tell doctors how much they are worth to other and only willing individuals. Doctors gamble for years to learn to be effective in helping people so they may then subject themselves and their families to diseased hurting individuals at all times of the day or night for a price, for which they certainly do not have very much control, considering their investment

## INDIVIDUAL VS.THE PEOPLES

is in the range of 300,000 which partially includes equipment costs, bank loans, time etc. Health care solution? Abolish American medical association which limits the number of doctors. Double the number of doctors. Set fees limits for doctors screwing up. Eliminate alllll the lawyers!!! Duh.

In Russia anyone who knew that if he saved his money and bought a cow some day that the day after he bought it the cow would produce milk and after he saved his family from starving and wanted to change or ad variety to their and his neighbors diet, he could trade with the family who was raising wheat for some milk; was called a capitalist. All capitalists, in the name of the people, (by their lawyers) were exterminated, eliminated, disposed of, and silenced. 40,000,000 farmers and small business owners were murdered by their own countrymen so their time effort, money and property could be reclaimed “for the people” The Russian people clubbed and cut the heads off their damn rich people. Now today, in america, a man knows that if he saves his money up, invests his and his family’s life into a community business,(voluntary and mutually beneficial enterprise to DREAM ON, alleviate misery) he also will be called a damn rich person. If a man, like doctors today, becomes rich without using ffbc i.e. Voluntarily, then both people walked away thinking they got the better deal or they wouldn’t have completed the transaction. Nobody got a gun to their head so they could say no. Wealth was created for both of them. Rich is free.

Contempt for the bar association and lawyers stealing the supreme

## INDIVIDUAL VS. THE PEOPLES

court and both houses of congress and the states and the local gov'ts does not begin to describe their values of unproductive or counter productive behavior. One's obligation and joy is to decide to live one's life according to one's individual highest and best judgment, provided you don't lie cheat and steal kill. Ffbc. To the extent that lawyers, judges, congressional fascist, appropriations thugs would ask someone to violate one's own moral and ethical judgment system based against force, is the exact extent to which they should be ignored as unethical, morally bankrupt, pretentious, gun wielding furors. Good luck though.....most people in Washington are lawyers and 95% in congress are lawyers. They use the federal social experimenter's non-voluntary technology to steal the dreams and true, effective, moral, ethical and productive intelligence from all Americans. They should not be allowed to pilfer the life and morality out of the once greatest and only bastion for individual freedom on the face of this earth. I know how reasonable and marvelous many of these individuals are. The rest and their children should not be allowed to destroy the true collective intelligence of the species. How reasonable is it to remain silent while their mutual admiration society turns this country into an act of civil war against the first 150 years of American history and won. Let's get rid of them all and retrain them to defend the individual against the conscriptive, misguided gangsters they are, and are representing.

In my opinion the supreme court of the u.s.a. is a person's highest and best judgment. Individuals, not judges, appointed sycophants, tribunals, politburo's, shamans, fraternal orders, voodoo princesses or

## INDIVIDUAL VS.THE PEOPLES

heavily armed palm readers were for the first 150 years of America history and still should be the ultimate authors of their own behaviors provided they aren't liars thieves or killers. I shouldn't have to and don't care what the supreme court says the constitution means when, not if, they are wrong. Or the 250,000,000 russians when their out of their collective minds. Or the billion, by their self appraised superior, certified gun wielders who force the Chinese to be on their knees unless we are all ordered to put our integrity between our legs and bow to the unquestionably superior members of a secret society by subordinating our individual judgment, in which case whatever you say maaaaaaster. Obedience without question! Ach tung! Schnell! It is a fact, that the freedoms of decisions or lack of it by the federal government, documented and allowed to the individual the first 150 years of jurisprudence is a better indication of what that document means than by the present day cannibalistic social engineers of individual integrity. These men and women can never be the centralized authors and dictators of what really matters.

Now the gov't is lawyers and judges are lawyers bankers are lawyers because they all have been granted special rights to steal your stuff and they have screwed things up so much that you got to hire one lawyer to tell you what the other one said, neither one making any promises of course, being but professionally trained debaters who obfuscate with one hand what the other one is doing in some form of pig Latin, no less. The whole gun toting, bunch of financial buddies can't change the direction of gravity nor can they do other than pretend

## INDIVIDUAL VS.THE PEOPLES

to embody the absolute and sum total of mankind's knowledge and true compassion. Let us regard with extreme skepticism all the fascist violence they pretend it's their right to sponsor. Freedom of speech is dead or at least those who practice it for long. We can threaten their children, some of the more fanatic representatives of these gangs laugh about. Who isn't being gagged by the silent and not silent threats of coercion, intimidation, guns, jail, bankruptcy to not follow their highest and best judgment provided they don't use force. To defend yourself as you know would cost you everything and they won't sue each other. There have been more people murdered by their own government for all their stated good "reasons of the people" in this century than in all the wars throughout history. I'm proud to say I don't have one dime for their wallets. Superiority based on productive, mutually beneficial and voluntary transactions, for other and only willing individuals is the only superiority I recognize as having any effect on mankind's bloody history of self appraised, certified, mandated by the majority or ordained clubs and unions willing to dispose of your life for their ideals from the beginning of time. If we could get control of how our individually created taxes are spent then the real representatives of the alleviation of misery on the planet would quickly turn this world into the wonderful place it could be. I would suspect Christ or whoever would not want the money stolen by force from anyone anyway. Do you think Jesus or Allah or Yawha or Buddha or any real inspirational or rational leader would approve of force, fraud, or killing? Some who have been blinded by misguided religious spokesmen will say yes. What do you think? Some

## INDIVIDUAL VS.THE PEOPLES

feel or mistakenly believe that as long as it was taken from people who were going to hell anyway, The not us's, the other gang, the unchosen, the ununionized, the scabs or the non certified that it's ok. Your moral and ethical pretensive political priests, do daily, proclaim there are many good reasons to lie, cheat, steal and use your vote as a club against other unarmed civilians. The unquestionably superior who? Who should we all mindlessly follow?

Freedom is not a luxury, it's a requirement to act according to your highest and best guess or judgment. Freedom to precisely direct what kinds of behaviors you sponsor and the freedom to not be apart of brain dead Harvard schemes. Hopefully people get to oversee exactly what there own money sponsors. Let's promise that hitler's germany and the lame excuse of the germans that they didn't really know their money was sponsoring genocide. Let's try to stop the "real" americans, in your name, with your money, with your kids, from dropping 4 times the number of bombs on Cambodia, as the total amount of bombs dropped in World War 2 on people we were not at war with, who once loved America. Let's stop everyone from pretending, in the name of "freedom" and "peace" and "love" and "the children" and "housing" blab bla bla that they have rights and claims and responsibilities to direct with a gun, how others may decide to spend their own time, energy, money and property.

I've seen pictures of raped dead babies on piles of dead bodies in german concentration camps and toothless victims after having the gold removed from their teeth like the taxes removed from your life. They

## INDIVIDUAL VS.THE PEOPLES

were just doing their job. They were just doing it for the people. These are the moral equivalents of the IRS agents when, not if, they are wrong. The concept of I'm just doing my job, is the siren song of genocidalists everywhere. These people could have easily worked at Dachau gas chambers as in your local IRS board. They will do anything they are told to do; to anyone they are told to do it to, for anybody who signs their checks and pretend that 1. Their doing it for America, and 2. They're not responsible because it's the law. It's not my fault. I don't write the laws. I'll do whatever they say. It's not taxes. It's not conscription. It's not intergenerational financial slavery to gangsters,. Its appropriations. like appropriate see?

Everyone has an encyclopedia of insights in them. Admittedly, unfortunately, most are composed of ineffective concepts placed in your head for the unproductive, self sacrificing principles of people who would enslave you for their own misguided and limited ends. I admire the part of you, and that part is a part of everyone that does things well or produces something of value that others aren't forced to buy from you. Those principles that allow you to do well in one area are the same fundamental building blocks which will allow you to produce or do anything well. Don't listen to others, or yourself, ever tell you that you can't have one of the greatest and most productive lives in the history of the world without stealing, lying and cheating. As Joseph Cossman says in his "How to become a millionaire without much money" "Press on! Nothing in the world can take the place of persistence: talent will not; nothing is more common than unsuccessful men with talent: Genius

## INDIVIDUAL VS.THE PEOPLES

will not; unrewarded genius is almost a proverb: Education will not; the world is full of educated 'derilicts: Persistence and determination alone are omnipotent. Far better it is to dare mighty triumphs, even though checkered with failure than to take rank with those poor spirits who neither enjoy much, nor suffer much, because they live in the grey twilight that knows not victory nor defeat. When you get what you want in your struggle for self and when the world makes you king for a day, just go to the mirror and look at yourself and see what that an has to say. For it isn't your father or mother or wife, whose judgment upon you must pass, the fellow whose verdict counts most in your life is the man looking back from the glass. Some people might think you're a straight-shootin chum and call you a wonderful guy, but the man in the glass say's you're only a bum if you can't look him straight in the eye. He's the fellow to please, never mind all the rest, for if he's with you clear to the end, then you've passed your most dangerous test, if the guy in the glass is your friend. Though you may fool the whole world down the pathway of years, and pats on the back as you pass, your final reward will be heartache and tears if you've cheated the man in the glass. Change and success doesn't come fast. How long does it take before a dream or a product is conceived until it's available for purchase? Longer that you may think. Here are some examples. Antibiotics? 30 years. Automatic transmissions? 16 years. Cellophane? 12 years. Dry soup mixes? 19 years. Florescent lights> 33 years. Frozen foods? 15 years. Instant coffee? 22 years. Instant rice? 18 years. Nylon? 12 years. Photography? 56 years. Radio? 24 years. Television? 63 years. Zippers?

## INDIVIDUAL VS.THE PEOPLES

30 years. A right to decide how exactly my tax dollars are spent? Next election I hope.

Every individual has tremendous compassion, and insights. Genius is a part of our entire genetic heritage; that's why all men want to be helpful to children and helpless women and others who sometimes just pretend to be helpless. They just don't want to admit that doing or producing something of value without force, fraud or breach of contract is the only legitimate proof of their individual self worth that is provable or productive. besides enjoying your life and following your joy! So they make up stories; (based on their own ignorance of words, and productive values, led by the extremely useless, unproductive, or counter productive advocates of front line, gun wise, social justice. All people, as individuals, experience the sweetest, most tender, heart felt compassion for all their fellow men almost all the time. It's just it's hard to talk to people who get their self image on other than producing something of worth that no one is forced to buy. The non-productive and counter productive individuals are used to extracting, by force, in a cloud of self expelled poisonous gas, what they want from the truly compassionate productive individuals in every society, while depreciating the values that the productive extol.

Would Jesus have agreed to sponsor lying stealing or beating people up if they didn't do what he demanded? Would Allah? Would Yawa? Zen's Buddha's god or Kaleal Gibran? The truth of these men unfortunately have been obscured by some misguided men in organized religions effective campaign to keep the word and lose the meaning, as

## INDIVIDUAL VS.THE PEOPLES

the truth of the sum total of man's knowledge has been obscured by the pro force choices, in the name of self government, provided by men and women who consider themselves your moral superior. These legalese, linguistic terrorists steal the meaning out of every word and leave the meaningless shell of pretension, pomp, and if that fails, saying: it's the law: as if reason, (not stealing and killing people) isn't all productive individuals foundation and heritage but a moral works factory, they pretend to all be production supervisors at. I at one time believed there couldn't be a god, because if there was, I'm sure he would have shut all his terrorizing practitioners up. God and his unifying principle of diversity is rational, cause and effect, fact, logical, mathamatically exact and reproducable. . Allowing each to enter the kingdom of the compassionate productive, the truly and only curious mind of the individual, hard working human being. God is the best and most heartfelt loving life and for all your fellow men. God is what you love. Your god. nobody else's to tell you what you love. Inter religious hatreds have nothing to do with god as far as I know. I'm sorry those who sponsor superiority without content, would twist your heart, into believing your destiny is not in your own hands, but in those, who would have you mindlessly obey the use of force, by subordinating your highest and best judgment to them by faith or lawerror.

Let's get results for our compassion revenues (taxes). Don't let the pretensive lawyers i.e. congress) not take credit for screwing up what you really want to be nice to someone about. I know you. you are sensational and intimately kind and infinitely generous (if allowed to

## INDIVIDUAL VS.THE PEOPLES

be), if only with the hard truth, learned by the hard lessons in life on the job of making something, which voluntarily other's decide to buy, with money, effort, time, blood, sweat and tears or not. Don't' do anything wrong just because a lawyer or their judas Iscariot pretend it's the law. The law in the us requires a trial by jury or did. If you didn't do anything wrong to anybody then how could you be breaking the law? If you don't use force, fraud or break your voluntary oath what business is it of theirs anyway?? Besides their litigation fees and putting their condo's and European vacations in jeopardy.

I can't imagine why godallayawa? would disagree with no force, no fraud, no lying. I don't think he wants the money that has been taken for him that way. I can't imagine why he would enjoy sponsoring that kind of interpersonal violence. He has had a bloody history full of it already. I'm sure he wants no part of it. If I saw people only at the good times I'm sure I would love them too. I wish they would expand on that instead of adding to the problems by voting for one lawyer led gang or other lawyerled gang who advocates force. Let's get individual. Let's get free to pursue and produce a better world for all individuals. Were all from the same family anyway. Let's have a revolution of compassion in between our ears, behind our eyes. Let's do it for the guy who stood in front of the line of tanks in china's Tiananmen Square. let's do it for the Romanian general who was shot in the face dead, for not opening fire upon a freedom gathering cause he knew it was wrong to keep people away from the freedom to be effective in their concerns, not just going through the motions, throwing other peoples money at problems,

## INDIVIDUAL VS.THE PEOPLES

misleading them as to how productive people increase the value of living for everyone. Let's do it for the Russian soldier who, surrounded by a group of fat women and hard line communists military and ex kgb who wanted stalin to come back and take charge so their continued subsidy could be extended indefinitely. He was shot in the face later for saying stalin was a bad person and no. he didn't want, what stalin represented, back.

They have divided us individuals into a thousand points of envy and hate, which have nothing to do with the best any human may become. These politicians, approved by law, to represent and advocate one ridiculous, superficial, supercilious, inane classification of the values of humanity or another are political bigot's. They honestly believe we are too stupid or too busy polishing their unproductive boots, to see through their politically sick, historic franchise of accumulating power, over unarmed and unorganized hard working families. While you work, perspire, and struggle to uncover your own ignorance to do a better job, and get some money 12 hours a day, they work 24 hours a day to get it from you and to prove you're ignorant. We the individuals have fought their wars, built their houses. Paid for their kids 'right', i.e politically connected schools" suffered their inane and criminal use of force fraud and breach of contract, in the name of whatever your adoptive gang is supposed to hate too long, White man still speaks with forked tongue and will continue to do bad, in gods name with a gun. Their ugly divisions of people being other than individuals, (which the concept of the people formerly meant) can be changed by simply allowing each

## INDIVIDUAL VS.THE PEOPLES

individual to determine exactly what his taxes does go to support. We and I do, refuse to cannibalize other individuals lives, lest we unleash their historically terrible and ugly power on us all. Not in my name they don't. The best individuals in the world have come from anywhere. From all religions. All continents. All languages. All sexes. All races All nations. These splintered, fractional, Ridiculous classifications of the values of being human, other than individuals are extremely objectionable, designed to be confusing to most. Those who pretend to be superior, not by their productive, which are provable, productive, marketable or salable to other and only willing individuals, but by their associations with their self appraised superior gangs are simple, quarter smiling, psychopathic bigot's. The government today is a collection of hate groups which daily invite you to hate along with the rest of the gangs, for all the best "sounding reasons. The government is the major cause of your unproductive frustration because you can't do anything about them. For freedom, your hands have been effectively tied. They say: "If those damn rich people would just pay their share of this circus of slavery....Whooooooooooo! If you took all the money from everyone who make \$50,000 or more you could run the government for three days. None of us need any unproductive frustration for the rest of our lives. If the individual gets to decide which programs he is motivated to sponsor and not sponsor from the present menu of government services. I realize, today, without a gang, you would be left alone, without a "friend" in government, without representation. Without the ability to get back just some of what has already been taken by force from you. If

people who make and interpret the law and their communist style sycophants can make that kind of money for producing nothing, and much worse, I sure as heck, am going to get some “economic justice”. So you hire these hoods, and now they think you're one of them. I don't. I'll bet you'll drop the whole stinking, putrefied reasons to use violence in a heartbeat and send this aristocracy of the new american class system packing back to Europe where they all want to be accepted as the american style, kings and queens, dukes and earls of coercion; Regulators of the all new, american, completely enforced, and certified, “class” caste system. Like david duremburger the great congressman or senator from I could care less. He's walking out of a meeting with some Japanese guy and was bragging, like the camera was off, telling this guy that I bet he would wish to raise 16 billion for his constituents like he did for a half hours work in congress. His constituents in his state? What happened to you or me? Do I have to lick his unproductive boots to get my kids shoes back? Or just turn off the TV, look at my wife and kids and be grateful. Knowing it could be sooooo much worse, unfortunately, that proof is on the way. The Japanese man just looked at him.....Didn't say one thing. Didn't move a muscle in his face. I don't know what he thought. I know what I think him and his presumed prestige which he violently confiscated from unarmed hard working civilians. Or the two distinguished “looking” older gentlemen next to me at the Toledo museum of art, who. Talking in a voice to be overheard, said to the other; “I gave these two Renoir's to the museum”. The other man said: “OH, I didn't know you ever even owned them?” To which his reply

## INDIVIDUAL VS.THE PEOPLES

was: “I didn’t. Libby used to own them. He was just the vehicle. We worked it out so he had to”. What happened to I worked it out so he had to, or we gave it to the museum???? Another example of the conscripted credit taken from another productive individuals willing gift? Mr. Crosby was a Man who lived in Toledo and let anybody who wanted to use some acreage he owned for themselves and their families. Neighbors, artists, Friends and well meaning individuals started planting flower bulbs, putting in playground equipment, and improving the park unasked. He eventually deeded it to the city upon his death. His uncoersed, magnanimous desire to be a big man and of benefit to the community got him the city’s renaming Crosby park to the toledo botanical gardens. Yea Right.....For sure.... His gift, not the cities has been reclaimed “for the people”. It will be nice for the kids who feel they owe and must now sacrifice to the city instead of the realization that Crosby wanted to do it. Like I say, its mostly lawyers who pretend to be intellectually superior cause of their useless lives, don’t swear, don’t raise their voices and don’t get upset because “educated people don’t do that, in concert with the 5<sup>th</sup> estate (the govt’s approved university state certified communications majors oooooooo Biiiiig deal! which never represents any other opportunity to deal with problems with other than force or linguistic fraud. What should “we” the people, do about everything, they ask. A or B. Not c through z times 50 million. A or B. Should force be used to implement a? Or should force be used to implement b. Implying that the gang should use force. They imply, to get their awards, that there are good, historic, pretty sounding reasons

to enslave other unarmed peaceful and productive citizens. Now we are asked to mortgage or enslave our children's, children. They already get 75 cents out of every dollar to pay themselves and their class privileged salaries I.e., their real reasons for force. And 80% of what they do spend it on is totally unproductive or counter productive, Ridiculous expenditures designed to continue "government by crisis: Like the federal reserve screwing up the money supply in the 20's which caused the great depression, then starting hate groups against business and other productive people which the federal government now admit the depression was government fdic tampering exclusively. Completely at fault. Think of the hardships created. For what? So they would have to step in with their guns and pretend they were helping. They are the problem, not the solution. They stand in the way of thousands of solutions which their centralized authority with their pretentious' "we're" the solution to all your problems if you would just give us everything you have, your children have and their children have you selfish greedy me generation people". Greedy? In 1990 75% of the people in the u.s. gave an average of 738 dollars each in uncoerced voluntary charity. I don't call that greedy. I call that the most generous people on the face of the earth, despite all the high sounding, most nobley stated intentions of either communism, socialism, or fascism, Like the beautifully worded constitution to the peoples republic of china. Or the wonderful, noble, most laudable sounding programs in Russia. I don't call Americans greedy. I call them frustrated. Before 1925 as a %,there was more given voluntarily that is taken today, and

## INDIVIDUAL VS.THE PEOPLES

these politician lawyers spend 75% just on themselves collecting and redistributing the money to their college educated, certified to dispose of your life, Secret fraternal order BUDDIES.”

I call this for what it is; a cruel, mafias like con game, solving nothing but the continuation of infinite litigation, holding the tools of productive solutions to problems hostage, cause then “we” the lawyers would be out of a job. Come on. This lawyer, self infatuation news pundits of what “we” should do about everything is driving me nuts. (short drive my friends say) Please sign this and let me get back into business, and you on with your productive lives. Let’s clean the barnacles off your unproductive, ineffective, unrepresentative, gun wise humanivors. I promise, I know who we are, Business, (the productive and voluntary) pays for everything anyway. Government doesn’t produce one single thing. Let’s make it legal to get rid of this bloated, poor excuse for implanting out compassionate aims, and let private enterprise and 95% of the nicest people in the world help those people we all would like to help without your money being eaten up on the way to their bank accounts.

## Chapter 2

The blood that runs through your veins represents an unbroken living chain of events that dates back to the beginnings of time. It is the same blood; with limited variation, that courses through all living things. Represented in this blood is a treasury of information and understandings brought to the present by your life. You can do or be anything you want to be. Your own judgment is the currency upon which the value of your life depends. If an individual produces some result for the benefit of anyone including himself then he knows something. Knowledge will always be a mans true wealth because it relates to action and production. As for whom of two people doing nothing is doing it better I don't know. The production of results along the line of excellence is a problem, but like all problems, They can be broken down into smaller and smaller problems until each step becomes simple. No one or no thing can stop you from getting closer and closer and closer to your goals. In any accomplishment which might breathe passion or fire into your heart and mind, it is the number of attempts, and your ability to simplify that allows people like me, (not too smart, which is true) to do or be anything they wish or want. People exist over time. They have a past, present, and future, and over that time span they can do things that are amazing. As a building is built piece by piece, stone by stone over time there is nothing that can't be done by you. You don't have to be exciting to be amazing, If you can do simple things then you can do a collection of simple things and anything and everything is

## INDIVIDUAL VS.THE PEOPLES

a collection of simple things. Worms are poor, fish are underprivileged, deer have it tough. People are all rich. They live in the premier biological equipment the world to date has devised. The quintessential Rolls Royce of biological transportation. We can do, be and plan things to an almost magical sense.

The primary tool a person needs is his or her integrity and an understanding of language. The primary liability a person pays when they are a liar is that to be good at it they have to believe in their own lies. When confronted with facts contradicting their beliefs, they will defend their ideas as animals defend their territory. They will protect and defend their own ignorance. Language is the foundation of their wealth as a human. Words are the spectacles of vision without which we would be blind. As an example Eskimos have 100 words for snow' without which we do not see the distinctions. Americans have 6000 plus words for color, while other tribes in Africa see only the colors or light and dark. Color in a world of harsh survival is not seen or valued as important. There are no primitive languages. All are composed of between 16 to 46 different bits or pieces, which can be combined in an infinite number of ways to present any thought, blueprint, hypothesis or light sketch of a presumed reality. Although no language is primitive in the sense of not being able to communicate any thought, each language is predisposed to easily communicate certain things or values or visions of the world, Words, like tools are the key to survival and prosperity, but like all tools, if used improperly can lead to disastrous results and bizarre projections of reality. Linguists say that a relatively

## INDIVIDUAL VS.THE PEOPLES

recent and worrisome addition to America's language system is a fear of their own language. One major example coinciding with the rise of this fear or disease was when lyndon johnson; the pro peace candidate, in his political campaign held up a picture of barry goldwater behind a nuclear explosion and asked America "Do you trust this man to keep us out of the Vietnam War?" Subsequent to johnson's election and under his leadership the troop number went from 5000 advisors to 500,000 conscripted and unwilling, hamstrung children, The next 30 years was spent as a cover up of this fact by Washington and their licensed media with the eventual mistrust of both one's language and government. Another modern example of this disease is George bush's read my lips statement. Promised not to raise taxes. got elected and raised taxes. They both should have been thrown in jail. Now language, for most is an untrustworthy and virulent disease. Legally. Another change in America's language system is the decline in the number of words or (perceptual tools) used per day from 1500 words 60 years ago to 750 (500 now),words used per day today; People today use one half the word tools they did 60 years ago and as a result are, in a broad based sense, unskilled and inarticulate, unfortunately, with a corresponding belief they are smarter.. They use words that mean so many things to so many people that their words become useless in communicating a specific idea or thought. These words say or mean so many things, to so many people, that they become linguistically meaningless or unintelligible. Words like love. Are there not as many definitions of love as there are stars in the universe? Words like god: many times makes the user feel and

## INDIVIDUAL VS.THE PEOPLES

appear good. But these words aren't generally intended to communicate something, but are used as a chant by people who wish to agree; shake their heads up and down and to subordinate their thoughts and particular judgment to faith and a willingness to believe. These words are meant to solicit agreement by setting the user in a morally superior state like trance, so the faithful may subordinate their minds to the tribe, club, holy jihad, inquisition, nation, the mob, the gang etc, etc but in fact, no one, for sure, , speaks for god but god. And no one really speaks for the individual but the individual. Let's be real. If god can create the world in 7 days or whatever, he doesn't necessarily need you, the pope, shoguns, shamans, witch doctors, imams, rabbi's or voodoo princesses to do his talking and interpreting for him\her. In my highest and best judgment, he talks through results or the lack of them to each of us. How to do it, where to get it or who to ask, write it down and check it off and to keep trying and that's it. My Grandpa was a methodist minister. His job was to teach other ministers how to minister to others hurts and hopes. He got one of the first PhD's from northwestern university (28<sup>th</sup> I think) and he explained everything to me, everything in our entire relationship without using the word god to me once, as I remember. He believed that life makes sense, and that is another of god's gifts. Once my mom asked him when she was a child: "Are the catholic's, muslims or Jews right dad, or are we right?" My grandfather replied: "Well, I don't know for sure Dorothy. They may be right". Whoever is right: Would hesheit have given you a brain, integrity, feelings and particular life experiences, if it was expected that you throw your best judgment

## INDIVIDUAL VS.THE PEOPLES

away for faith and a willingness to believe without question?

Unfortunately, for many good christians , muslims and jews, all the worst things in the world have been done in the name of god or love or nation or all the other meaningless amalgamation of words like the people which mean so many things to so many people as to become effectively meaningless, Whether it's the Chinese peoples army, the Russian peoples revolution or the American people's rights to the forced charity and subordination of others and all the meaningless amalgamations of the people is used as a triumph of the concept of faith and belief over the individual's integrity and personal and particular judgment to decide for himself.

As language, once again, unfortunately, has been used to justify the slaughter of millions of Jews by Nazis and millions of Muslims by Christians and Christians by Muslims and Muslims by Jews and infidels of course by all of them, and to financially and otherwise enslave, by the gun, millions of non people, in the name of the real people (see america) none of this needs to touch the integrity of the individuals perceptual clarity. Language, coupled with integrity, is the single most important tool you have, and like all tools used by artists and craftsmen, by the majestic, the heroic, and the beautiful, words are the foundations of the quality of the best lives which have existed and will be the foundation of the greatest humans in the future.

With these simple principals and understandings, each individual has the tools and or skills to get the skills or tools lacking, to produce

## INDIVIDUAL VS.THE PEOPLES

over time, any result they may desire, wish, dream about or yearn for. If only to want to turn work into fun or to get a dream of a future worth more than your weight in gold. Who needs to lie, cheat or steal? Not us. We like to be productive and voluntary tools to make tools to make tools. Who knows what can be made with tools which have not yet been invented?

## Chapter 3

The difference or distance between who, where or what you want to be and who, where and what you are, is frustration. For us this frustration can be divided into motivation and passion and desire and intrigue and courage and character and effort etc. etc. problems of smaller and smaller complexity, dealt with over a longer and longer period of time until the desired end result is both assured by persistence and made enjoyable by the law of simplicity and ease (or by the way everything can be broken down into smaller and smaller skills) until each process in the act of being productive is both enjoyable and easy. Add to that the confidence and assurance of a man or woman who wishes to increase their ability to live and love and you have the ingredients of a human being, which is the finest the world will ever produce. We individuals, solve the difference between where we want to be, and where we are, by working, over time, up to our potential. We reduce the frustration of having goals and dreams and aspirations and yearnings by working up to our potential, by accomplishing our goals, by producing results in any area, along the lines of excellence.

With the accomplishment of our goals we will naturally wish to reset our goals. Tougher maybe, longer maybe, more interesting now for sure and with that process there is an increase in capabilities, vision and for lack of a better phrase, “individual depth of humanity”. At times there will accompany a feeling of regret or self castigation or disappointment with each new ability, (could have done better, type of

## INDIVIDUAL VS.THE PEOPLES

feeling, now that I know what I know type of thing). Some say that since we don't know for sure what we can't do, we suspect a flaw for not being more of everything. As far as I know self doubt and disappointment increase at certain times with each new accomplishment Don't be too hard on yourself, it goes with the territory. My dad told me that if your not making mistakes (failing) your probably not doing anything. This critical judgment, hand in hand with ones determination to put to the test producing something along the lines of excellence, is the simple stuff of which dreams are made.

Dogs got nothing. no credit cards, cant talk too good, no hands, houses or cars but their happy chasing after stuff.(dreams). Learn and know what the three legged dog knows when he dives for the ball, goes tumbling into a buddy and down the creek laughing..... he gonna get it some year for sure if those other dogs miss a beat. 3 legs and cant be stopped. as far as humans go. Why hope? when you got you... to do anything you want to do... about anything. Any time you decide. We all start in the ditch. Its the getting up and going that you are and that is being alive. Don't let em teach you that's its not you who have decided to teach yourself something. (They are just enablers at most, if their not getting in your way, how it was for me. They are teaching you bad to pretend its not fun to fall over and down in a hilarious attempt of anything you decide coming true. Feeble attempt... is my specialty! Don't let them..... light fools the path to dusty death!..... shakesphere..... My dad would want me to tell you that every person has a decades long, love for somthin.. and it was his job to find out why

## INDIVIDUAL VS.THE PEOPLES

they loved it so much. Smallest guys in the world felt like big shots around him...like me for sure That's how I tell who's a big shot or not. If ya felt you could do it or try till ya die after talking to them then he was a very big shot to me. ....Not wait to follow the leader!..... or. wait forever as your leaders say you cant do it without them or they might let you maybe, if, someday, whatever! you need them like another hole in your head. My Dad loved putting his puzzle together of who he wanted himself to become. You would be another thread to the tapestry of his life and he would be a color of yours to see through what you both love in the rainbow of life we all dance on and to. You would have shared common loves, natural joys available to the poorest blissful creatures with my dad and my Mom who he will admit was better.

An inept way to reduce frustration of not being what you want to be is to lower your goals or worse yet get what you dream, yearn, wish or want, not through the voluntary participation of other willing individuals but through some federally mandated hostage service, gun to their head technique.

An equally ineffective way to reduce frustration is to take drugs. You have to use more and more and more to cause the same euphoria; and worse yet, it interferes with the bodies own ability to produce the endorphin (naturally produced morphine's) which through exercise makes you feel soooooo good, with all good effects. It produces extra growth hormone that dr. wiel a harvard doctor in (spontaneous healing says to think of it as a magical substance that fixes anything wrong with you. MAGIC HE SAYS!) When you take powerful drugs your body

## INDIVIDUAL VS.THE PEOPLES

stops making the endorphins so you need it now! With drugs, you don't do good you just temporally feel good, then worse. It's like the difference between being happy and being successful. In a sense, happiness may pretend to imply what being successful means, You can be happy in many ways without being successful but you cannot be successful without being happy or meaningful. Therefore I believe true happiness is a by product of active success. Happiness, many times is used to pretend success as if the goal of life was to be happy without doing anything, instead of a fully functioning, Imagineering success, based on active, productive, mutually beneficial results along the lines of excellence for your pleasure. With drugs you can feel happy without producing or being anything.

Another way to get rid of your frustration is to get rid of your brain altogether. To substitute for your highest and best judgment, some inappropriate, ineffective or misguided, religious, political, national, ethnic, sexist or other collectivist equation. These misguided, seemingly kind hearted individuals will tell you its god's will or the will of the people etc.etc. They wish to supplant reason with faith. They regurgitate and chant predigested bits of "were going to heaven, they're going to hell= we're the chosen- your not". We're superior, without producing or being anything cause of this or that or whatever and forget about the misguided, religious inquisitions and holy wars, the witch burning, the wholesale and bloody slaughter of the jews, moslems, Christians, Indians, Cambodians, blacks, yellows, whites, hard working people etc. etc by white people and each other, and concentrate on the pretty

## INDIVIDUAL VS.THE PEOPLES

symbols, the high sounding words that have fooled these self appraised moral supremacists willing to dispose of your life for their ideals from the beginning of time.

There are an infinite number of ineffective ways to reduce frustration without producing anything. In any area, along no line of excellence' and to do so you must first assassinate your highest and best judgment. And the way to tell who these people are from the knowledge they are presumed, ordained, certified, mandated by the majority or appraised by self to possess is they don't make anything other's pay for willingly without threat, force or fraud. In this regard there are three types of people. Productive, non-productive and counter-productive. The non-productive and counter-productive produce nothing. They must rely on the non-voluntary, coercive powers, of the soft toned, high sounding, gang banging, self appraised morally superior to you, cannibalization of the time, energy, decisions, property and money of productive, truly compassionate individuals. This cannibalization is a genocide.. They are dream eaters. Dreams are the blueprints of each individual's potential or possibly good future. The dream itself is proof that you can accomplish your dreams. You can't think or hope it possible without the ability to do it, that is; if you decide to work up to your potential. On the other hand, a man, unwilling or unable to work towards his dreams is a man without a future. That is one of the reasons I wrote this discourse. Without the ability to keep your tools and reach your potential, dreams can be just another cruel burden in an overworked man's, already time strapped and at many times, miserable

## INDIVIDUAL VS.THE PEOPLES

existence. No wonder America has a drug problem. The desire to substitute happiness for success, consumption for tools or project development, entertainment for the pursuit of excellence, and money for results along the line of excellence, in an infinitely expanding and fascinating universe, is becoming more “understandable” all the time. Success, like dreams to the dream eaters, are not considered important. Your future is a disposable item. Your children are a mortgagable entity.

Stalin said it best I think. “We must eliminate the cult of the individual once and for all. He said this after issuing an order for the extermination of 50,000 of his countrymen and of course their children forever. Cannibalization and genocide, although widespread, is most easily understood by the concept of Nazism. Germans now call it fascism. I call it Nazism. Always will!..... When one group eliminates by force, fraud or breach of contract the time, energy or money of a race, religion, ethnic, and value or insight system’ this is genocide. Nazism is the most widely understood example of genocide in the twentieth century, but’ it is so effective, and I might add, the only means of survival by the non-productive and counter productive that 7 out of 10 people openly, mistakenly employ it today. Those who believe that the individual owes his or her existence to the group, gang, religion, nation, majority, ethnic clique, etc. Etc. and as a member of that group, gang, religion, nation, majority or ethnic clique, they are now entitled to the fruits or products, of the productive individuals blood, sweat and tears, are in a sense, and can be nazi-like genocidal maniacs. The costume of their language, the cosmetic, pretty face of mindless collectivism is

## INDIVIDUAL VS.THE PEOPLES

marred only by the muted voices of those enslaved and deprived of their right to decide the disposition of their time, energy and money along the lines of their highest and best judgment.

The first 162 years of American history didn't require the individual to presume "its" life was made possible because of the great society or collective. They were all escaping from the certified, ordained, mandated, or self appraised morally superior cannibals throughout the entire rest of the world. It was generally agreed the individual existed despite the myriad number of certified, ordained or self appointed club wielding spokesman for the genocidal claims against the individual, the non-ordained, the non-educated (non state certified), the non-chosen, the non-people, the infidels, the geek's, the gooks, the chinks, the ingins, the scabs, the pollocks, and were alllllll in one of them. The uninformed and misinformed, because "they" say so and it goes on today and will go on forever, until each man demands that his silence not be used as tacit agreement, for those who pretend to speak for him and demands or petitions, the right not to have to support and sponsor with his time, energy or money, those whom he believes are immoral, evil, genocidal, nazi-like cannibals.

Individuals are comprised of sets of values or visions (given rise by their language), tools with which they may train and explore the productive excellence of existence. Black, white, catholic, jew, moslem, indians, French american, young, old, male, female, and many others are all meaningless concepts when we talk about the best any human may become. These concepts themselves represent systems of thought

## INDIVIDUAL VS.THE PEOPLES

which are ways to evaluate oneself, not by doing or making something of worth but by being a member of that supposed superior group. Self appraised moral supremacy entitles the gang member to the prestige which their individual lives can not demonstrate. Why? So they can cannibalize the rightful prestige of those individuals who do produce something. And along with the prestige' they cannibalize, conscript, enslave, bloody and systematically destroy the time, energy, money and decisions of those not in the suit and tied, certified or otherwise costumed, pretty faced and bloody handed gang...in the name of the noblest sounding ideals of course which is "why" they have to use force, to sell it, by using the feds guns, taxes and courts to kill the dreams and steal the fruits of their neighbors efforts and concerns. Somehow, these, self appraised superior, "moral mechanics" believe you can't makes a man pick cotton 12 hours a day, with no capacity to express his or her compassion, which insures his poor image of himself by lack of time for his aspirations or inspiration, but it's ok to imprison and enslave him by making his decisions for him (without compensation) which keeps him at some miserable job or enslaves businessmen (producers of something) or others from wanting to be businessmen blah bla stealing his money, regulating his socks off and making everything cost so much dreams can't survive, wives can't stay home and raise the kid, husbands have no time to think, and kids, if you would listen, hate what is called "school" ' or is it a sign of maturity, to accept hating what you do when you grow up? I think not. I think your college licensed, "certifiably educated and unionized" state managers have taken over

## INDIVIDUAL VS.THE PEOPLES

your life and your ability to be effective in your concerns. And his and your time is being spent in miserable, painful, (without the ability to realize your dreams), survival.

To ask people to see their money, go not to those things they want to support is cruel and unusual punishment. To have any essence of his life go to sponsor those types of behavior which he finds abhorrent, abominable, villainous, nefarious, monstrous, deplorable, lamentable, pitiful, sad, flagrant, scandalous, shameful or evil is to ask him to be a “good nazi”. Good being defined as doing exactly what you are told, killing exactly who you are told to kill, working at whatever bomb factory you are told, and, paying your taxes to whatever “peoples army” the human resource, i.e. your life is to be best spent. To the contrary. It is immoral to sponsor through your taxes behavior which you feel is treasonous to your humanity.

As president and ceo of the international society for the prevention of genocide I have no political affiliation. The international society for the prevention of genocide, is grounded in the belief that all humans have the right to not sponsor what they feel is genocidal or evil. We the individuals want the freedom to choose, guaranteed in the constitutions intent, which will express, the book of compassion, insight, and limited genius in all of us. The lesson of world war 1 and world war 2 being..... The german people supported the holocaust willingly. Their unquestionable pride in their country not the individual was unshakable. As a result of that war there should be a governmental mechanism that those who do not want to support bad things do not have to. The german

## INDIVIDUAL VS.THE PEOPLES

concept of “pay your taxes or else death you is, was and always will be wrong. I’m intending to modify that cute little saying. The amended axiom being: Maybe the two things for sure in life are death and taxes but no one ever said you had to sponsor nazi’s. In America, if you sign this, from now on, you will be able to decide from the present menu of gov’t “services” where your individually created taxes are spent thereby insuring nothing bad and only good things happen with all your money.

I, like the libertarians, are grounded in the voluntary association of people. No one person or groups of one persons have together, rights they don’t have separately. Which is the ability (no matter the pretty sounding “reasons”) to tell another what to do with their time, energy, money and decisions, provided that individual uses no force, fraud, or breach of their oath, covenant, or contract. To do so is a cannibalization of that man’s life and a violation of his integrity, morality and highest and best judgment system without which this world isssssssss a legalistic sleazy nightmare. To the extent that you believe that you either individually or collectively have the right to tell others what to do with their time,, energy, money and decisions provided they aren’t criminals ffbc is the exact extent that you presume yourself to be superior, (by force), which is nazi-like when, not if your wrong. No one is right all the time but when an individual is wrong with his life, that individual pays. When force is used against an unarmed individual, the other individual pays for the nazi-like, gun if the face, tragic mistake. The international society for the preservation of individual intellectual

wealth and the libertarians do not practice nazism and cannibalism. I intend to show and prove, that although we have been misrepresented as the minority party here and in all countries, we nevertheless are the true movement of all productive humanity. We're the majority and rightful representatives of the human race.

Immorality is being disloyal to ones highest and best judgment. It is the act of behaving in a manner not consistent to your highest and best judgment. I.e. your idea may be wrong, but if you think and believe and feel at the time it is correct, then t is immoral not to act according to your best guess. Provided you don't use force fraud or breach of your word. An example of how one might be considered immoral, disloyal or traitorous is the Romanian general who was shot in the face dead, for not opening fire on the Romanian freedom gathering, or the Chinese man who stood in front of the line of tanks in trainman square. They acted out of a sense of individual moral highest and best judgment. Freedom to decide how to spend ones time, energy and money is a necessary ingredient in the equation of acting morally. Not the american or politically licensed kind of freedom, which is free, as long as any other organized (by gun) gang, party or special interest (club) wants to assassinate (by mortgage) your born or unborn child's dream. But free to spend or dispose of ones time, energy and property as one sees fit, provided of course there is no force, no fraud or breach of contract. But this freedom is not allowed in any country, anywhere. Freedom, to decide for others is what is fast becoming important. Freedom, to gain an advantage through the force, fraud or breach of the original

## INDIVIDUAL VS.THE PEOPLES

constitution is what america's lawyers now stand for. Not a republic with inalienable rights for individuals, but total majority determination of what is and is not real.

## Chapter 4

### Blacks

Blacks are an incorrect, ridiculous or meaningless categorization of individuals having nothing to do with values or highest and best judgment or results along the lines of excellence or the productive testing of the foundations of that knowledge, Or the best that any man may become! It is values, which impacts action, along the lines of excellence, to some productive benefit for other and only willing individuals that determines the uncoerced worth of an individual. It is further inane and insipid, insofar as, all people are blackancestry. Some 50,000+ years ago, humans took a particular turn in the genetic highway. They know this because of a particular black female. An archeological find with traceable genetic material, named lucy, passing on a particular genetic trait to all and only other females in her line. All women in the world today have this genetic trait. This means that the original mother of us all was, is and always will be black. Thomas Sowell (a black guy?????) was author of a book called the politics of race, among others. He studied the migration patterns and the success rates of values represented by different races, nationalities and ethnic groups. He found whatever country the germans migrated to, they were good and successful farmers. (good at getting paid not to plant crops in america (nazis) .) Their values of productive excellence were effective whether they went to brazil, america, argentina, eastern or western europe, africa et.etc.etc. They got a lot of discrimination. They talked

## INDIVIDUAL VS.THE PEOPLES

funny and dressed funny and stayed to themselves and a lot of people didn't like them and what are they doing here anyway? but it didn't stop them. from the bottom of society to the top economic wrung of the ladder while a lot of people didn't like them or help them. He followed the Chinese and found that wherever they migrated to with nothing but the values of hard work, productivity and free choice, they became successful regardless of the hardships they suffered at the hand of the host country. For example it was "thought" unfair to compete with them in California because they could live off the smell of an old oil rag. He followed the jews and their migrations to all other countries and found their values make them successful and their rise from the bottom of immigration status to the top of economic well being, independent, of the discrimination they faced. He found that although they, like many others were killed, hung, kicked out of the host countries and generally abused when they were immigrants and the same when they were at the top of the socioeconomic status and although they were massively discriminated against they rose to the top. he followed many other groups that were all discriminated against and were unstoppable. oh its such a good book and wonderful man.

He followed the irish, (I'm a mongrel half breed irish but its fun), like me and found they were mostly drunks in every country they went to. Hey, if I'm hand cuffed, bound and gagged get me a drink and set um up for the bar. If my brains are just a source of pain then hello bar gooooo bye dream. Anyway, when they drank they fought and in new york it was infinitely preferable to live in a black neighborhood than

## INDIVIDUAL VS.THE PEOPLES

next to the “filthy irish”. Worse for half breeds like me probably! The irish's gift of gab made them rely on politics as a way to advance themselves and proved in every country to be one of the only ways to prevent a group from getting ahead. you deserve or cant make it without and they should help, I think i”ll wait is not the formula for success any of them employed.

Thomas Sowell’s POLITICS OF RACE proved, by historic, international, evidence and documentation, that’ discrimination.....although it does cause set backs, hurt, self image cancer, inspirational tuberculosis, extreme sadness, and hatred it does not prevent any group from rising to the top of the socioeconomic ladder over time if they don’t give up. He also proved that the only way to insure a group doesn’t rise is to help them politically in my opinion.

Genocide is the elimination of a race, religion, ethnic or value system (like individually sovereign self government) by force, fraud, or breach of contract. You can’t get much more force, fraud or breach of contract than the gov’t assault on the first 100 years of the original contract granted to the unorganized individually sovereign people.

People over 50 own 3\4 of the wealth in the united states and command over 50% of the disposable income. There are 40,000,000 monthly socialist security payments.. The united states, once a statement of the single, unorganized worth of an individual, independent of the gangs which fight for his resources and prestige is now like all other

## INDIVIDUAL VS.THE PEOPLES

governments. That is' non-voluntary...gun in your face. For all the historically mass murdering reasons. In the seducing tones of brotherly love they are holding the American people, the productive, the guys who make the jobs hostage. Their socialist engineering mandates represent a claim upon the individual's time, energy and money which is slavery from cradle to grave. The older generation bought their houses for 8 to 12 thousand dollars at 2% interest rate after ww 2, took the economy off the gold standard, inflated the money supply by the expansion or printing of worthless paper by some 50 times, called it monetary policy, blamed it on business men producers and employers of something, paid off their houses with this cheap money, mortgaged their children's future, voted themselves pensions, created millions of nonproductive or counter productive jobs, (in the name of reducing unemployment) voted themselves higher salaries, cost of living increases, medicare, retirement benefits from social security, sold their homes for 100,000 to 500,000 , went along with an undeclared war to finance it, etc.etc.etc. all in the name of the great society fighting communism, germany's nazi socialism and other mindless mandated gang slaughtering systems of other than self rule, retired to florida, pick up their checks off the backs of the younger (the less smart) and regularly call the baby boom generation, and below selfish...Who is the selfish one? You obviously didn't make the world safe for self rule. You defended yourself from people just like yourselves today. The historically really grand, gang banging old party willing to dispose of our lives for your ideals, every day. The nazi's. The national socialist Democratic party of the german

## INDIVIDUAL VS.THE PEOPLES

republic.

The worst of them, get together, run the flag up and pretend they're not draining the productive of their ability to be of any value to their community, let alone to their families. They say' Its not really genocide of the young by the old. We don't make em pick cotton for 14 hours a day with no ability for self esteem or to be of any help to anyone let alone their families. We don't make them say ache tng. We ask em nice, before we tell the skinny and fat or perfectly conditioned downtown bar bully boys to sell his house, tools, business, and throw his family into the street, because we know that peoples time, energy, money and morality don't matter if it's for the right "reasons". Mom and dad wouldn't lie to us would they? They say" "if he would just have joined a gang with claims and rights over others he wouldn't have those problems". Put your life into your lawyers and their representatives in washington. Or else! Or else what? Or else you won't be able to steal from your neighbor? God! Who wants that anyway? "We've given you the right to mortgage your children's future and they will have the "right" guaranteed in the new constitution to do the same". WHAT MORE DO YOU WANT?

### **American Women's Rights**

Women are provably biologically superior. They live longer, have slower heart rates, are more dexterous, less addicted to drugs, more tolerant to pain and frustration, fewer genetically transferable diseases, etc. etc. These things can clearly be affirmed. But, as always, once

## INDIVIDUAL VS.THE PEOPLES

again, without question, it is values, impacting action which produces something of value to only and other willing individuals that determine a person's uncoerced productive humanity. It is not any of the other genocidal terms of race, age, sex, nationality or ethnicity. Its values of production and accomplishment along the lines of excellence which determines the uncoerced worth of individuals. So why talk about women's rights, old people's rights, homo rights, etc.etc.etc. Or the right of one people over 36 to tell 18 year individuals to go kill some conscript with a gun to his families head? Why talk about women, instead of individuals who are women? Because those who do, want to pretend to be something by association, not their accomplishments. Those who do, want to benefit, not as a result of efforts, results, productivity, sweat and the things we talked about but because of their supremacist claim and "rights" on the unearned time, energy or money of people they don't know or care about, all with the pretensive compassion of phil donahue's question" What should "weeeee" make others doooooo for oooooour ideals? Not what should I produce or, what amount of money am I gonna give? Or what should I do to make things better. No. How much should "we", by force, fraud or outright theft, steal from someone else for "my" ideals, so "we" can appear to be anything, but the overweight, addle headed, bimbo, couch potatoes we are? After all, (sing it phil) this is the richest country in the world and Russia spends more on blab la bla or whatever, ad nausea ad infinitum. What should "we" make some other, already hard working, productive guy, girl or grandparent do, so "we" can pretend we are of any value at all. Like the

## INDIVIDUAL VS.THE PEOPLES

black supremacists, white supremacists, old person supremacists, nationalist, ad naseum, feminists claim their right to cannibalize their unearned share through the congress, Forced charity! Like the germans before them they don't want to know who must be gassed, whose dream must die and wither, whose tools and employment expansion must be stomped flat, and whose children must never come into existence. They don't want to hear, see or believe that their gun toting gods or governments of the gangs, by the gangs, and for the gangs, don't owe them, at the end of a gun one thing.

President lyndon Johnson, the pro peace candidate, dropped 8 million tons of bombs on Cambodia, with your money (making possible the indiscriminate extermination of the majority of the male population, allowing the camera rouge to tell the unarmed peasants (who once loved America)' that America had declared war on them, (see the killing fields), four times the total bombs that were dropped in ww2 doesn't make it our fault. Love it or leave it in a casket is what casto told his countryman. His obviously superior, (superior to individual moral judgment) right kind of people believe they own their own countryman,(slavery) and we are the right kind of people right? Zeke  
heil our gang

The inhumanity I've discussed has happened here, is happening here, and will happen here forever as a result of you not declaring your right and unwillingness to sponsor behavior which you find evil, objectionable, immoral, or unethical. Your silence, in not demanding, requesting or petitioning, specifically what your money goes to sponsor

## INDIVIDUAL VS.THE PEOPLES

and what it does not go to sponsor has been the main weapon used against you, your family and your true, heartfelt compassion.

Day care, “education” union goon indoctrination centers, socialization for the new americans, what’s the difference? Some say “I just had kids to insure a husbands continued payments, with the help of my lawyer....pre school, birth leave, the feds official quota, forced on the backs of the productive, the communist manifesto, non-market “equal pay”, how gun wise ridiculous! Begging by demand, rights, rights, rights....demands of every special interest group and the claims begging to be satisfied fuel the excuse which sponsors the slavery of us all...You don’t have the right to tell people what they must do about anything providing they don’t lie cheat or steal. These are all things that germany believed in and whether or not you believe it, your claim on the efforts and dreams and tools of other hard working people are the same nazi-like genocidal, behavior of all throat slitting fascists (socialist supremacists).

Once again, the advocates desire to pillage and loot the lives of others, is a disease which paints itself with the pretty face of idealism, at the same time as enslaving others for their presumed, limited benefits. And look what you voted your men into. Everyone should have half of their lives to think, so when they work or produce, they can do it with inspiration and purpose until they fail or succeed. Take time out, think about what you wanted in the first place and go after it again. But no...You have no time to really be of help to anybody now that you’re paying 50% for taxes, that you voted for. They have you, your kids,

## INDIVIDUAL VS.THE PEOPLES

your husband and your grandparents busy 24 hours a day. Like hamsters in a revolving wheel that the rpm's are controlled in Washington. Turn up the juice on them and let's spread this pain around of reducing "our" deficit. Hey! They elected us to govern and to lead! Reeceally? I'll see you at the beach if I don't get to decide exactly where my tax revenues go. Contrary to popular belief, What you call "our" work or "our" deficit, I call do it yourself without me getting the exact determination of what I do and do not sponsor. Unless, I have to, that is, in which case "whatever you say", unquestionably, of course, who could, would or even ever should question your preeminent qualification on everything, let alone something of such trivial concern like freedom from your legal genocide of my life.

When people stop at stop signs they do so because it's reasonable, compassionate behavior. If there were no police, whatsoever, the majority would stop and behave with respect to the principles of fairness, rationality and reasonableness' not because they won't get caught. Most people are really nice and kind, if only in intentions. Also, when people don't rape, stalk and steal from women it's because they respect these principles of civilized behavior i.e., no force, fraud or breach of your word. Each individual should be allowed to spend their time, energy and money as they see fit' not because they may get caught and punished. Most people, as you know are good and kind and agree with all the principles of no force, no fraud, no breach of contract, If the bar association lawyers revolutionary council offers you a reward for participating in the violation of these principles, it may be legal, but

## INDIVIDUAL VS.THE PEOPLES

most assuredly, it is wrong.

If someone takes one year of your life and forces you in a closet or, if they didn't put you in a closet but stole your families money you made at extreme personal risk or hardships in that year, making you ineffective to help anyone and you go over to their house and get that money back, are you stealing? They took it from you; you're just getting it back, aren't you? Or wrong? The proper use of theft, force and breach of the original constitutions intent doesn't exist. If I steal from someone and I give 25% of the money to charity or my lawyer to get me off, is it ok then? It is of course, not correct, although I can hear the shit lawyers laughing while pulling your teeth and cashing your checks. There are no reasons to steal, kill or lie. There is but simple defense or justified revenge when presented with these fog bound, human aberrations. Unless there are good reasons to use force, fraud or breach of your integrity, then we all should get to play by those rules instead of an individual's integrity being a liability.

So, misguided democrips and misguided republiguns can steal your life or business or dreams and motivation. It really is hopeless if they use guns instead of reason when they print and borrow so much money and throw it down the non productive or counter productive intellectual sewers so that each kid would cost \$168,000, 50% to 75% being taxes, with the average cost of a house, if you could get the loan now that you are paying for bank failures, would take 80 years to pay for it.

Don't be deceived, by "reasons" for genocide' their cannibalization

## INDIVIDUAL VS.THE PEOPLES

of a lesser life for a nobler ideal. Be aware that no matter the excuses it's done for or in whose name they prey, they decided their better than you and closer to the source of real understanding that you are not qualified to think about properly, and they are also certified. so there! Just let them do with your money what they want and be a good citizen or else.

There are many charitable causes... Charity at the end of a gun isn't charity, its extortion. Milton Freedman (a jew?????) in his book "free to choose" documented that the uncoerced public's percent of voluntary contributions before 1925 exceeded that percent which is conscripted, taxed or stolen from them "in their name" today. Also 75% goes to the distributing organization and lawyer infested congress, whose schooling taught them not to question their new rights, and they learned that well, without question, to get their extended rights certificate over you. Indeed, in the name of people we would all like to help, politician and congressmen (lawyers) hold them up to get their paycheck at the expense of the very people they pretend to help. That's sick. These ineffective, limousine liberals with their million dollar bank accounts, stolen from the truly handicapped. Let's get these people out of the crippled people's pockets. Let's get the ability to give our charity (tax revenues) directly and exclusively to them. In fact, by their "reasoning: (force, guns, conscription on and on, We could make the congress and bar association and all who were responsible for the deficit pay for the deficits they voted for. There not 1%. We could work to make it legal, and wipe them out financially. They won't sue each other, but we can

## INDIVIDUAL VS.THE PEOPLES

(due it) through the jury system. Let's work, to make it legal to clear out their bank accounts, sell their homes, stop paying for their kid's ( the right kind of people) education and get them productive jobs, a job where others are not being forced to buy their product, to pay back the rest of the deficit. No matter how insignificant a productive job they get, (they laugh with their government certificate degrees at people who work at MacDonald's), it is infinitely more reputable and honorable than the nonproductive or counter productive job they are doing against the producers of things and the people we all want to help. Let's make it a law that their lives and their children's lives are to be owned by the banks until their debts, that they voted for, which has solved nothing, are paid. Sound funny? Keep me away from the legal typewriter then, because I'd do it. Their smart comments: "you can't get me because I had a robe on, or I had a uniform on, and besides someone else told me to do it, and anyway, I was doing it "for the people" our people, that is, or I didn't do it...We did. These worthless and dangerous genocidal excuse's to dispose of another's life don't work with me.

Isn't defining a person on grounds, other than their productive value system racist or sexist? Isn't it funny, that by fighting for their own sexist, libber rights they slander those in the way of their "finger on the trigger", as sexist or racist? Whoooh ladies! What do you think? How do you think? How you feel and what you believe, may very well be effectively unproductive and parasitic. if you make nothing and grow nothing and fix nothing and build nothing ( my dad would want me to say sales cause he was and that is the best avocation vocation in the

## INDIVIDUAL VS.THE PEOPLES

world), Am I a chauvinist by opinion or by fact? What do you know to be true? No lying cheating and stealing? I love ann. raynd and ester vilar author of the manipulated man and gene Kirkpatrick and dame edna and many or should I say all individual women whose values I find admirable and courageous. Always have. always will. Also I'd like to say thank you to those women who don't stand up on the phillus Donahue circus, hysterically, stridently, demanding with their mealy mouthed pleadinghelpless childs voice imitation tone of voice" What do you feeeeel, Weeee should do about theeeem not doing everything we tell them to doooooo! And proclaim to the contrary, in their own fashion" I believe in the individuals, inalienable right to exercise their highest and best, fully functioning, moral and ethical judgment system, with no inherent "group rights", to use force, fraud or breach of contract over anyone. To these women, I of course am grateful, thank you

My father told me that men are what women want. It's true of many of all sexy species. Female selectivity (our abhorrence with the concept of rape) worked as a survival benefit in many species. Contrary to the survival of certain species, this mechanism has worked in the elimination of certain species. An appropriate example, in so far as it relates to our self assumed prestige (money only) of politician lawyers, is the peacock. The peacock at one time survived all over the world in extremely wide range of environments, conditions, food sources and predators, The female of that species decided it was an advantage to mate with male birds with longer and longer blingier looking feathers, After a very brief time the peacock had ,by female selective breeding,

## INDIVIDUAL VS.THE PEOPLES

produced an animal that couldn't fly but for very brief period of time, which became entangled in shrubs bushes trees. The female of that species were able to insure in a very brief period of time the virtual elimination of her species. Today, peacocks are a ridiculous species, made so by their females. This wonderful power that you, as females possess, selectively worked to eliminate herself. You may feel that weeee, I mean yooooou should do something about it. You may, of course, do so. Isn't it great to be alive? Our abhorrence with rape i.e. the females inherent right to decide who her breeding partner or partner's, or herds are today, yuck further elucidated by the concept of love. As a scientist from another planet sent to discover what that concept, today means, he may wish to study the information which could be gleaned from popular radio stations. 1 song out of 10 would express the wonder and fulfillment of men and women who love life, each other, their kids, almost anything it seems, and want to feel as wonderful as this life can be. 4 out of 10, would be men who were proclaiming to the world that their frustration could be eliminated if only she would find him of worth, or visa versa. 3 out of 10 would be expressing such depression, hurt, agony, depth of drawn out misery and heartache, as to virtually render themselves immobile and finally, 2 of the remaining 10 would be the answer, to the question, "if weenies could sing, what would it sound like? Insofar as your species goes when I tune on the radio, I'll be thinking of you. It is interesting to note that of the total number of species which have existed there are but 3% remaining.

I am announcing my candidacy for DICTATOR OF EVERY MAN,

## INDIVIDUAL VS.THE PEOPLES

WOMEN, AND CHILD ON THIS PLANET. Dictator for eternity!.  
unlike king tut who lost his rule.

My platform is as follows.

1. *If elected, my first day in office all government officials will be made to wear official and appropriate military uniforms. Big gold shoulder epilates with Mexican generalissimo hats and Kaddafi robes maybe. Maybe socialist nazi helmets' with the big wide pants and a riding crop or gavel to smack scabs like me in the mouth. Whatever, just as long as they can't be confused with freedom for individuals, just freedom for gangs like they won't dispute. To dress up in business suits, implying free choice is fraud. Business, The productive,. are all voluntary. (not todays corporate back door whore puppeteers)*
2. *Free McDonalds on first Monday of every month for 24 hours for everyone!!!!!! Don't thank me..... thank them. their paying for it..... and pantyhose for everyone who wants them or neeeeds!*
3. *In all elections in America, from now on there will be a "none of the above" box. If none of the above wins, then I guess will be out one more self appraised superior pundant from the right schools willing to use a gun, to "explain" to you and your family, exactly what to do with every waking moment of your lives.*

## INDIVIDUAL VS.THE PEOPLES

4. *I promise that I'll spend a fortune of your money trying to inform people they should vote. I'll say please! Vote for the commie left or the theocratic (neocon's) right. Cause by law (the original constitution), were not allowed to slam the door of your jail sell unless we get your approval. Here take this money we got from somebody else for your new rights. Don't worry how we got it. It doesn't matter who you vote for because were from the same pro force party anyway. LEAGALLY! Exercise your rights over others. Vote and vote often.*
5. *If you vote for me and I'm elected I'll pay you in cash \$5,000. Between 50% and 60% of the country doesn't wish to stick their fingers in the pie known as the (lawyer gun in your face, fed types, national elections), and if 25% of "the people" vote for one candidate or another it's considered a landslide or mandate. I figure, since I can win with only 1 out of 4 or 5 people vote for me, I'll just collect the \$5,000 from those who didn't. The 2 people out of every 4 who didn't vote for me will be used to getting screwed to the wall, and the other 1 out of 4 who voted against me will be used to stealing it from the other 3 somehow sooooo what the heck? \$5,000 if you vote for me comrade.*
6. *There are very few people who would take 100,000 for one of their arms but if there were and they did then I would . the*

## INDIVIDUAL VS.THE PEOPLES

*other non-idiot's know that they have 200,000 dollars worth of arms on their shoulder that can do anything that any other arms have ever done with the right training. don't know what the price is on hands now. it varies wildly.*

7. *If elected, all women, men, old people, blacks, whites, blues, greens, the homeless, farmers, homos, carpet munchers and every other superficial category which disregards the value that any human may become the best human that ever existed, will all get adequate housing, medical benefits, complete and comprehensive insurance, socialist security benefits, guaranteed income, day care for "our" children (our most important human resource (recourse?)), college education, a 20 hour work week, a "good" job and police protection from the people, we are, in your name going to have to steal it from. I get 10% though.*
8. *Victims' rights not criminal rights. 7% of the criminals commit 75% of the violent crime. I'll chop off their nuts personally as your new dictator and graft them to their ears permantly..... My guess crime will go down. Women who give birth to crack babies will be sterilized of course. They are not fit to have children ever. Obviously. There are 5,000 addicted crack babies born per month in new york city all with unbelievable permanent life hurts at a cost of 100,000 per kid. I'd make the other kind of criminals buy*

## INDIVIDUAL VS.THE PEOPLES

*crime insurance along with their families. I.e. if they commit a crime then their insurance pays for his incarceration and then their premiums would go up, If they continued with their life of crime and after their families wealth was gone cause they couldn't raise people just criminals..... and they couldn't afford their criminal insurance I'd make a deal with mexico or someplace that will take care of them for 5.00 per day losing their citizenship of course. The bad news is that their country of crime will be no more. The good news is that they get to learn how to paraschute and to the pot heads that comprise the glut of the prisoner population?..... Dudes!..... Sorry about the prison sentence,..... your free to go.*

9. *Any body that gets a forced check from Americans will lose their right to vote. If you think you're a monkey in a cage incapable of supporting yourself for whatever you call "reasons" like its someone else's responsibility to provide you with a job or nipple to help and hope and sit with you and not discriminate and deny them their rights to you by not getting you a job, (a good job! like ceo or something) etc bla bla yr rights whatever. You will lose your right to vote..... If you can't even manage your own life without cannibalizing others life why would your opinion about anything be of any value at all!?!?*

10. *Multi- million dollar best teacher cash award contest for*

## INDIVIDUAL VS.THE PEOPLES

*each subject in the world you want...put on cd format to be sold for the best and least expensive education that could ever exist. That's where my education dollars are going.....Ten times better than harvard education for 299 dollars only the best teachers gauged by fire in their eyes for the love of their subject and insured by the students discretionary payments to them, or not. Residuals until they are beaten by the next revolutionary love of life teacher for the love of applied knowledge.....and not that many of them at that I cant wait! Or mabe ill just give my money to steve jobs educational money. Yea thats it my money goes to support steve jobs education. hes got billions and othere people telling him how to spend his education money is definatly criminal.*

11. *As dicttater of the united states and of course the world I won't pay more than 10 dollars a barrel for oil on a long term contract with any country who will sell it on those terms and not a dime if Americans would rather buy oil for 2 or 10 dollars a gallon from Texans or Canadians or Mexicans or Britons if all the extra money went to pay off their debt instead of paying militant religious madmen. I say one half the normal price, cause that's business. In all businesses around the world if you have a major customer with triple AAA credit rating you give him the best deal or we'll buy it all from someone else. The only reason that opuck could exist*

## INDIVIDUAL VS.THE PEOPLES

*is because, starting with the carter administration and their desire to not interfere with other governments inalienable and sovereign right to stick it to us..... bla bla bla, cartel, monopoly, sheet and hedress monopoly goonions “the people”, bla bla gobly gook! Ridiculous! Our government works hard to insure the price of oil is sky high! It’s the biggest revenue producer there is. They love it sky high! There is no substitute for oil. We might be without oil for a short while but really, it’s got to be better than kissing fascist’s cartels asses, I mean unions. But then without crises, after crises, after crises, how can “we” pretend that they couldn’t do without “us”. Who would want one dime, no matter the inconvenience or expense of not going to sponsor Middle East militant religious maniacs. For what? For money, prestige and power which is not theirs. They are thieves, liar's, murderers, drunk with groundless self infatuation, self appraised morally superior cannibals fighting to consume the time, energy and money and dreams of those whom they would financially or otherwise enslave. OR ELSE! Cannibalism at its finest. Humaniviors, Charity practiced with the blood sweat and tears of others. Misery created for their own bloody sick nazi-like agenda's. All with historically pretty "sounding" legal reasons.

I'm asking each one of you, to catapult yourself, to the last day of your life, the last minute, your inevitable last breath.... Would you then sign the individual's declaration to be able to act morally and ethically provided they didn't use force, fraud or breach of contract? Would you then wish to set all men free, by allowing them to sponsor, from the menu of gov't services only those things each one knows to be good? And not one penny to anywhere you don't want it to go!? .....or. brain dead not?

## Post Script: 2010 Update

The American system really worked. I had a grievance and petitioned to redress the problem with this amendment and sent it to them all. The people who call themselves, my leaders. my congress.

My Congressman though, (the head of the ethics committee) penned that he ‘‘would’’ see me, but I didn’t go. I should have asked for his help instead of hoping he’d do it. I now think he would have helped me sponsor this amendment in some form, if I had made the effort to ask. If scabs like me don’t stand up, what can he do? I don’t need people for help though. I pay people gladly and thank them gratefully or do it myself and to hell with them. I should have taken my bad, stupid, dumb, mad, cause my girlfriend dumped me, attitude and put it right where it belonged. On me, for going most the way and not being able to see straight enough to move forward and get it done, just for me, would have been fine.

My Congressman I’m proud of. Whenever he talked on TV I was proud of him too. Very courageous and lovely man. I am stupid and dumb but not a criminal. I was granted a concealed weapons permit some 10 years after I copyrighted this book and sent it to them all, in ohio which, I, and you, should consider proof that I am not a criminal, or hurt people or threaten them or have any criminal record or vote for criminals to steal and kill for me. I didn’t publish this book on the web then; cause I didn’t want a (tim micvay, (close but no cigar) type), using anything in this book to hurt anybody ever. he really didn’t like his

this book without hurting anybody as I never have. I'm productive and voluntary. That should say it all.

Once the capital is surrounded by 5 to 20 million scabs a mile in all directions the union communists (the government workers, the people you see in other countries burning the buildings and beating people up!?.(its ok if you say it now or soon will be the fashion communist unions.) out of government and schools. off the tv, and all the lawyers and their lawyers, come out with their hands up; (so they may be retrained to protect the individual against gang banging tyrants), then america will get back to being a friend to the little guy, not the little people who want a check from some other guy, given to him buy another guy, who gets it from another guy, then you, but the really little guy they all want the check from. The union guys will still be worth way more than me, but just a little less,..... so take it easy too, You can still strike but us scabs call it quitting and scabs ruled their own lives in America once, and will rule again. This I have foreseen!

My hope is someone will post this book in the web library of Alexandria so neros net neutrality wont burn down what one lone scab thinks about anything he wants. Put the few things that are salvageable of this document in an internet money making worldwide individual freedom from their own gov'ts tyrannies and make a fortune in freedom treasuries, money, and save the world. You don't have to subscribe to the beliefs in this book or any of them to ask your congressman what they think about this book. I think you'll find that you will get an automated response thanking you for your support, like I got with

### Religion

My mother described herself as a spaghetti christian. She loved to go to church for the enjoyment of the food and friends and family and

## INDIVIDUAL VS.THE PEOPLES

clinking of knives and forks and glasses and the kids giggling around, clean, dressed up and respectful people, good chance no perverts..... oh yes she definatly liked to go to church. When she (slept at a friends house) was just a little child of 7 or 8 she was made to write down an oath and with all the other parishners standing around her on top of a mountain in Tennessee, to then burn that written covenant and oath which, if she breaks, her eternal soul will burn in the hellfire's of eternity. she wrote it and held it up in the wind and knew for certain that if she violated that oath, (she wasn't quite sure what it meant actually), but she would die millions of times by burning with her eyes being gouged out and much worse.....now my methodist minister Grandfather would all go to church where he'd be giving his sermon and when it came to the, let us all bow our heads and prey, part.'..... she never could..... she didn't understand why she felt that way at first, but she did!. and she couldn't, wouldn't and didn't! she thought that they wanted her to bow down to whatever anybody said next I guess. My Grandfather was the kind of minister that didn't mean it that way. He just meant that she should close her eyes, take a deep breath, then relax, smile and bow her head down and think of all the things she loved in this wonderful world of hers. her loves. her treasures of love,... not yours priest!..... and to follow her joy which is the central tenant of all good religions.....and you know the funny part is, my Grandfather, the methodist minister from naishville tennesse never made her, ever!, `even once bow down to something she didn't understand too good or that frightened her.....in his church,. and she never did bow her head,

## INDIVIDUAL VS.THE PEOPLES

but went smiley often.

He loved her so much, and she, loved him to death.....they was always such real good friends.....so I know my mother would tell you to follow your joy and go and enjoy life with your friends at your church, synagogue or mosque My advice to you is don't walk away from your religion. Run!

From the book: histories 100 greatest lies. and this small excerpt is from a story by burtram russel.

Who can defend teaching children,..... let alone adults, that there are such beings as witches and that it is our duty to kill them,..... or,... that the entire universe was created and ruled by a tribal deity who was so shocked by the wickedness of the human race, that he himself created, that he sent a flood to drown it, but, was persuaded to spare one family because its patriarch roasted a joint of beef to put under his nose..... Or that a latter deity sent his only son to be crucified, tortured and slain to expiate our sins. and, if you believe that: you will go to heaven!,... no matter what sins you may have committed. And if you do not; then you will be damned everlastingly!!!!!!!, no matter how virtuously you may have lived.

The cmj's. the Christian, Muslims, Jews Why in gods name do they claim to be any different from each other or the things they hate????????????... they all come from the same no proof yet! dark ages myth story. It is there's to prove! Not yours to disprove!..... They all think that only them is going to heaven, the other groups of course going

Or the 10 to 20 thousand new cathlicks lawyers who graduate every single year and the fag lawyers and the 50000 or whatever jewish lawyers every year fighting to give somebody else's money away and feel so smarmy good and superior that your helping the suffering with somebody else's shiit! And to assure them, they are victims like you. shut. the. fuck. up! 55 fucking million people died in ww2 as a result of the dead jews not wanting to kill two nazi soldiers each and 90% of ya are the commie kibbutz democunt nazis yourself, and every year you parade around showing your own suffering and incredibly don't thank the other 40 million people that died, (and their unborn kids for eternity) for you, trying to make germany into another kibbutz like you've done to my america!!!!!!!!. . democrat communists can go fuck yourself. and of course go fuck your \$1,896,000.00 dollars to Israel per day, every fucking day of my life and im 62. 30 billion in military (wonder why some people don't like us)? huh?! or the 30 billion in humanitarian commitment every 10 years for the last 62 years. 60 billion dollars each and every 10 year period. Crazy violent union claims on the sons and daughters of people you don't even know who gotta get or make a job, and make something or they cant survive. Fuck that aint my america.

I love my America! Small claims court for one. I sued key bank and won. Ya pay a 25 dollar, nonrefundable deposit to a clerk, to have a judge look it over and if he thinks it has some foundation he will supina for a court date against their team of lawyers and did.. suing for under 3 grand by yourself is easy. you can sue for up to 10 thousand with a little more trouble.(though your still gonna need someone nice to help you there and they are threatened with loosing their jobs by lawyers if they help. I'm so proud of that judge for standing up to a powerful organization like key bank let alone some of the horrible people hes dealt with I bet. I love him and my country for that! 2. I can say the shit I say and haven't got killed yet. I love that not getting killed part. I do love My America. I love the Hubble space program and would definatly give my tax dollars there. I love America like Reagan loved america for the little guy and small government. Course the deficit did quadruple in his 8 years of him trying to shrink it hard to believe the guy who said this or that and did the opposite well I enjoyed him trying to shut the government down anyway a lot, and firing them faa goonions choaking americas throat at the airport..... its ok though..... the new republican contract with america i'm sure is gonna work out there for the people. ... no new taxes read my lips george bush senior. president lyndon jonestone?. Daniel Ellsberg proved by great courage that the war was started by that piece of shit american lawyer president linden bains jonston of the united states of america; america said they were attacked by a vietnamese gun boat but it never happened and he proved it a year or so after he had the evidence. He said it was killing him all the time to know that his america lied and he aint told nobody for a year. then did! my man! and you know what the funniest part was? when americans. on all the television stations and all the attorneys generals and the smartest and most respected and wealthiest and most religious and highly educated people did when they found out? .....they did nothing!!!!!!.

Transferred the technology and the manufacturing base of a free people to communist operatives. For nothing! I think it was a sophisticated computer or something like that started the ball rolling. Hey, maybe they could adapt the technology into carrier killing indefensible cruise missiles like they did develop just for the americans and it is not china's policy, to reveal sales of any military hardware. Thanks bill you really do care and are a great american president in the eyes of the people you payed with someone else's money. don't tell me. Let me guess? Does the 43 million of my neighbors on food stamps without a job for your china and them waiting for you! to get them a job or get some more money for them from somebody, somewhere they don't care who or how, ring a bell? that's one sad motherfucking excuse for freedom and independence, for A once free and sovereign people, represented by a constitutional republic of america with limited government.

The most prosperous country selected by education, average income, life expectancy medical services is Norway for the last 4 years. one of the questions they ask is do you feel your fellow countryman treat you fairly and are honest. in Norway, its like 96 percent say yes their countryman aren't liars and many other countries the figures are very high . in america its 36 percent of americans thinks their fellow countryman are honest. my guess is the people who said their fellow men were honest were either afraid to answer the question truthfully for fear of reprisal..... or were themselves liars of monumental, on the government dole, Stature an Australian told me that if the banksters in america did that in Australia there'd be a lot of bankers and the congressional thieves that sold your kids to the banksters in jail. He was very serious!..... He said that austrailians would rather eat their dogs before they would miss a mortgage payment. nothing subprime about that. He told me a joke after I stopped laughing. he said; what's the difference between american propaganda and russian propaganda? 'The punch line? Americans believe it!

you can get someone better for nothing. lot of kind businessmen small guys, that had budgets they had to obey, who dream of helping For Free!!!!!!!!!! THEY LOVE AMERICA!. No salary because their nice old americans who want to help like crosby gardens guy. They wouldnt take a penny! and those other mobsters with their quarter million a year. Rediculous! Bet you everything I got! or had heheheheheheheh !

Am I hopeful? yea. i'm hopeful. I'm hopeful someone will kill me quick as possible, of course, just like in 1992, so I don't have to listen to the officious, self delusional, gangbangng, geopolitical nazimouthpriestlawyersshit on TV! The people I talk to for my whole life mostly know it, if I ever talk about it, which I dont. usually, if I can help it,... hopefully!..., cause it makes me sick, to think, about what it was like when I was a kid and how it is now. All the old words have new definitions by smarmy well dressed smirking, oily knowledge nobility..... I was so proud of my country for helping those poor jews and stopping that nazi tyrant bastard hitler. I was so proud of the older generation and my dad for doing what they done. Those people were so tough and so kind. So many brave American men..... Most people I talk to don't say we this and we that. they should and there should be a law and all that shit like americans do. theys just one peoples like me trying to get bye, best they can, in a mostly pretty nice world, without being fucked over by any of the different kinds of criminals out there to trap ya. They cant say what I say in the way I say it, but they all know..... all about it anyway.....Well? i'm

## INDIVIDUAL VS.THE PEOPLES

gonna go burn one, play my sweet, nylon stringed gweetar and disappear..... hopefully!,..... then I'm gonna go play tennis and dissolve into pure curiosity again until only the tennis ball exists. I can see the fuzz and the seams on the ball going a hundred miles an hour and see that spinning ball like it was standing still frozen in time. Quark time I thunk Its beautiful!!!!!!!!!! hope yours is too.

# **The Remedy**

## THE REMEDY

# **Merriam Webster's dictionary definition of Remedy.**

1. A medicine, application, or treatment that relieves or cures a disease.
2. Something that corrects or counteracts.
3. The legal means to recover a right or prevent or to obtain redress for a Wrong.

Another cool word is.... Quittance: freeing of one's obligations imposed by another.

If judeo aipac Christians did not infect the judiciary, We would be able to sue anyone now. Even policemen and judges. And congressmen....

AS KIDS WE ALWAYS HEARD IN AMERICA YOU HAVE A RIGHT TO A TRIAL BY JURY TO BE FACED BY YOUR ACCUSERS IN A SPEEDY FASHION AND TO BE PRESUMED INNOCENT UNTIL PROVEN GUILTY and have the loser pay the costs i always thought anyway. THAT'S OUR LAW THATS OUR RIGHT... TO TRY TO RECOVER OUR RIGHT TO REMAIN

RATIONAL HUMANS instead of supporting judeo Christian genocidal debt slavery built on false flags like vietnam war by catholics and 9\11 by mossad. See Dr. Alan Sabrosky Israel did 9\11 video

## THE REMEDY

I was hoping this book or something like it would be a legal instrument to RECOVER Your RIGHT TO YOUR OWN FKN SELF..... AND NOT BEING PLUGGED INTO A TRATERIOUS JEW CHRISTIAN UNION MURDERIOUS SMEAR THROUGHOUT HISTORY. WE ALL, WE ALL, WE ALL WEALL.... WEAL L WEALL

SO GET A TRIAL BY JURY (I'd try to pay a lawyer to ADVISE me HOW TO (should be simple with internet jurors hearing the complaint cases against your persecutor or persecutors, limits to the FINES, i donna know maby some nice guy already did it ..... British loyalist magistrate at the courts discretion or trial by jury you decide the jurors will be wild and fun though. with my book the remedy, you shouldnt need a lawyer or it has to be redone by YOU.... You are only what you decide to be and nothing more. I wish I was born something good too but it just doesn't work that way, for me anyway, I'm reminded of the dr seuss book OH THE PLACES YOU'LL GO You shouldnt need a lawyer once the bugs are worked out and its your right and duty to address these traterious groups that have enslaved us all. I have no interest in any of it any more. It kinda makes me sick to think about their puke lies . I have no phone internet tv car and am off grid for any and all of their new and important lies. and if the lawyer wont help for money then fk him too and resort to, GOT TO.... As usual,..... TO GET MY RIGHT TO A TRIAL BY JURY,. GIVE THE JURY MY BOOK AND TELL THEM YOU ARE UNABLE TO COOPERATE or pay your

## THE REMEDY

taxes to genocidal evil and you are not required to cooperate with evil and to pronounce you innocent of all charges brought against you or to convict any evil doer in govt or out..... Get out! Your irrational conscriptionists that have destroyed our constitutional republic with unalienable individual rights. A separation of church and state and gold and silver only as legal tender making us 256 trillion intergenerational debt slaves to judeo aipac Christian mafias..... Or you could do what i did, which is to, say. I demand to represent myself and demand the death penalty for me if im wrong and the death penalty for them if they are wrong. For some reason they didnt continue to break my body after that..... Mark levin the sec of defence for obummer had my shoulder broken and showed up to my 6 table breakfast place in phenompen cambodia and made himself a star in the USS LIBERTY VIDEO WITH LYNDON (BURN IN HELL MOTHER FUCKING JOHNSON).....co conspirator with the pope, ROTHCHILD BANKING And the CIA THE CATHOLIC INTELLIGENCE AGENCY. VIETNAM WAR.

Speaking for me, I pay for everything I use and nothing I don't..... So no i wouldn't pay for your rotten public school union feeding program you call TEACHERS.. Each high school student in America has received at least a million dollars in the cost of educating each child to remain a child some 5 to 50 years after the usual age of maturity which is 13. At 13 the jews know 2 languages. Are considered adults, i think they gotta learn an instrument i don't know but i like the ceremony

## THE REMEDY

of having kids turn into adults at 13 and so does mr gatto. And not listening to george soros gang banging communists crying for the eternal collectivist nipple. So that's how it is with John Taylor Gatto and my belief that 13 is the age when children become adults. Not sex wise, just making their own decisions mostly because they're gonna pay the price for their wrong decisions, not someone else. God, union teachers should be ashamed. Reading and writing mabey worth 5 grand.... 10 grand tops. Where the fuck did the other 990,000 go? To the essential workers , OUR BLESSED and holy UNIONS BROTHERS the american public education professional..... Teacher to you and me. Lavish government feeding programs for their unions... TRY john taylor gatto's video (take your kids out of public school now)... Try my autonomous learning program.... THE REMEDY,,,,, INDIVIDUAL VS THE PEOPLE that he and i lay it out for you. And you'll be licking splits in no time.

The government kidnaps your child, teaches it shit the state wants it to know, then charges the parents.??? In fact now that we are on the subject women should pay for their child's education again, as it should be. Maybe they WILL be more discerning if they paid their own bills... communists.

# **Their Not Religions Their Military**

## **APPENDAGES OF FOREIGN POWERS**

I believe jesus was rational and that was his real gift to humanity.  
Not fancy, just rational.

I believe the people who killed him were. Irrational, GODS AND KINGS.. RIGHTS TO RULE FREAKS DOESN'T EXIST IN AMERICA. NO RELIGIONS IN GOVERNMENT separation of church and state.....GET OUT! Who killed jesus christ? Well THE VALUES OF THE PEOPLE WHO KILLED JESUS ARE THE SAME AS THE CHRISTIANS AND JEWS TODAY..... THEIR CRAZY IRRATIONAL KILLING AND TAXING machines. CHRISTIANS ALSO INVENTED HIS BEGGING FOR MONEY BUSINESS MACHINE. IN OTHER WORDS, THEY ARE BOTH THE PEOPLE WHO KILLED HIM AND THE CREATORS OF HIS IRRATIONAL RELIGION WHICH MEANS THAT THE CHRISTIANS are the real atheists cause they been killing forever (1.1 billion and counting and they just keep getting richer. I mean free er if there was a god he would NOT let the retards kill us constantly .soooooo CHRISTIANS catholics jews muslims and their filthy taxes and wars and british attorneys.... Go fk every single one of you. I mean my brother, father, grand dad, both sides as far back as forever and they'll be Christian and jews killing us and taxing us and telling us 350 new laws every day for the rest of our life.

## THE REMEDY

Killers and conscriptors or endebtors and draftors and THEIR TAXES AND RELIGION HAVE RETARDED OUR HUMANITY BY PRETENDING THEY SPOKE FOR JESUS WHEN IN FACT THEY STOLE HIS RATIONALITY AND SUBSTITUTED THE POPES (GODS MOUTHPIECE ON EARTH).....BLOODY 1.16 billion slaughter throughout 2023 years of Christian catholic RULE THROUGH THEIR FUCKING WARS.. Ww1, ww2, 9/11 And the civil war with king georges hassan german mercenaries he hired to kill americans fighting AGAINST george washington and every single american ever born free and fucked later,..(from the book...The Real Mayflower) and later their german mercenaries hired by our former king hired them to kill us for abraham lincoln now there's a good Christian name and mandate to sweep themselves back onto histories front page where they just keep killing us and taxing us in the name of abraham lincoln's holy fkn god's mandate to kill us all if we don't nuckle under like a good kings subject. NO KINGS OR GODS in the american government. THATS OUR PAPERWORK BEFORE THEY FUCKED EVERYTHING UP BRITISH Christian lawyer lincolns committed genocide on the south for wanting the north to honor the articles of confederation but then washington DC doesnt honor our constitution why should it recognize honor in government. Murry Rothbard says there were only 2 wars worth fighting. 1776 war for independence and the civil war for states rights. So naaaa fuck the forces that killed my family for thousands of years of history while they dont tell us what they are doing to us at the same time they are fucking every human being on

## THE REMEDY

the planet for just wanting to forget about their evil constant crime wave George bush senior cant pledge all americans allegiance to the sacred principle enshrined in the united nations charter. Like he did in a united nations speech. He can't do it..... They can't give world power to the WHO because they manufacture a monster virus called covid 19 that faucci created that kills 36,000 people a day in china. Like they did. Naaa it all stinks. I don't pay em anything ,ever, and I'm 73 years old. Nothing for evil.. Everything for the defense from historical predators through government like judeo aipac Christians.

Like rockefeller did with their monster virus (invented for the purpose of killing people), mislabeled as the spanish flu that killed 50 million of us.....ALWAYS lying that they use it as a weapon. Bad facts. adrift in a sea of bad facts is how they have made YOUR life. well, NO MORE!!!!. :)

To get at you and us .....they have to go through our remedy. The legal means to recover a right or prevent or to obtain redress for a wrong. THAT champions, voluntary self government. And 137 years of no income taxes. SELF RULE!!..... FILE SUIT AGAINST THE religious invention that came in 1913, the IRS. It was never ratified by 2/3rds of the states and most importantly it's immoral therefore illegal. Lincolnian conscription that Britain wanted to oblivate our constitutional form of government that doesn't need blue bloods, kings and gods. Sorry about your queen though I liked her. Maybe i didn't know her but i would not have hurt her for the world.. She seemed like

## THE REMEDY

she wanted to fix it too. Anyway sorry for your loss but we got no blue bloods here. When they laid the groundwork for stealing all our gold in 1913. Id attack the swiss mountains and laugh at their passcodes that protect americas gold for the slick bankers who stole it at the business of international settlements the BIS. Central banks for central bankers... They don't care how you make your money. They will protect you from the people YOU stole it from.. .. MAYBE THAT WILL STOP THE IRS and their conscriptive wars against humanity. IF NOT? KEEP TRYING, CONSCRIPTION, ENSLAVEMENT BY KINGS OR GODS IN AMERICA IS ILLEGAL AND IMMORAL AND NOT TO BE COMPLIED WITH.

I LIKE the lady in Algeria that said she was gonna show up every Saturday in Algeria until the government left office. SHE CALLED IT HER REVOLUTION OF SMILES. She said the kids know their obligations and she wants to be free of these parasites also. Parasites, conscription, drafters, endebtors, extortion etc etc it's all a crime if done out of government so it's now a crime they cant pretend its ok to do. . NO KINGS AND THEIR GODS IN THE AMERICAN GOVERNMENT. THAT'S WHAT AMERICA'S PAPERWORK SAYS NO KINGS OR GODS IN GOVERNMENT OR THEIR EQUIVALENCE.

EVERY PRESIDENT I HAVE EVER WITNESSED OR READ ABOUT LIE LIE AND THEN LIE SOME MORE. THINK ABOUT THAT. EVERY SINGLE PRESIDENT OF THE UNITED STATES

DID THE OPPOSITE OF WHAT THEY SO SOLEMNLY PROMISED. EVERY SINGLE ONE ARE CRIMINALS TOO MUCH BAD HAS HAPPENED NOT TO GET DOWN TO THE BOTTOM OF THESE MATTERS. TRUMP SAID HE'D GET DOWN TO THE BOTTOM OF 9/11. HE did. Then bowed down to his zionist owners. I own me till im dead. Nobody else Self ownership with zero conscription. Our blessed Constitutional Republic is free from religious conscription..... OUR BLESSED REPUBLIC DECLARES EVERY IMMORAL LAW TO BE NULL AND VOID. YOU ARE NOT OWNED BY ME, GOD OR GOVERNMENT AND ARE EXPECTED TO BE VOLUNTARY AND PRODUCTIVE LIKE ALL AMERICANS PROTECTED BY THAT DOCUMENT FROM IMMORAL CONSCRIPTION, ENSLAVEMENT AD NAUSEUM THEIR eyes have seen the glory of the coming of the lord he has trampled all the villages where the grapes of wrath are stored he has loosed his terrible lighting swift sword HIS TRUTH IS MARCHING ON BRITS PURCHASED THE FREEDOM OF THEIR SLAVES and LINCOLN FREED the blacks by killing 750,000 southerners when only 6% of the southerners owned slaves. Large cotton concerns had to be financed and transported back to England, the industrial center at the time so it all took a long time and big money and slaves went with cotton and sugar around the world who were Christian and jews just trying to help the savages their stories tell us. They had guns and chains and armed men..what could anyone do to help them. Lysander spooner was a big abolitionist. (i love his article vices are not crimes. Be very

Careful of any drug even pot that i like. I dont do nothin but that. Fentanyl kills 250 people a day in america. Stay out of it. If the drugs don't get you the people who do drugs will.....look both ways and watch your back i think the man said. Fkn idiots.

Lincoln was controlled by PAPIST ROTHSCHILD ZIONISTS FORCES then. They own you. Zionists own you. Get that straight. That's what zionist means. They own you. They are the gods and kings they have decreed by anointing themselves with government power. So don't be blaming me for your jewish and Christian former owners in america.. Blame Christians and jews. Cocksucker lincoln killed 750,000 white people who didn't own slaves but were killed and carpet bagged nevertheless..... The civil war was another CHRISTIAN ROTHSCHILDS WAR TO ADD TO ALL THE OTHERS. The lie that the Christians saved the blacks will be told by them at christmas etc.... FOREVER Their 2 militaries, operating another form of government, within the territory of the united states constitutional republic, behind enemy lines, without uniforms. I think that's called a spy isn't it?

Their civil war Christian revolution ushered in the religious fervor of our supreme leader abraham (fucked us all) lincoln, whose campaign song Christians still sing today to their genocide of their south by the mechanized north with big money comming from europe by their rothchild banking concearns to obliterate our history. We'll have to change that to the battle hymn of their democrazy. It's embarrassing

## THE REMEDY

claiming it's a democrazy with songs like the battle hymn of the republic. Genocide is what americas british lawyers committed on the south . It's about the article of confederations and states rights to get out of a government gone mad like now with pope biden and his eminence lord merrick goldfart garland weaponizing blacks with bad facts and lies.....that's a color revolution. That's a military tactic and he and biden who cleansed the US military of white racist supremacists, means that's two races: the jews and Christians declaring war on reality. SHOULD BE ARRESTED FOR WEAPONIZING ANYBODY AGAINST ANYBODY but they are govt commies and nazis, that's their power and THAT'S what they worship. POWER OVER OTHERS., .... As my grandmother in nashville told me the jews and Christians from the bank were carpetbaggers then...That's what they are doing here. Netanyah whose real name is mielakowsky from poland, said when he is done with america it can dry up and blow away. That's all government's business plans.

Our fkn history for the first 137 years did not include a Christian catholic and jew UNIONS income tax. We didn't have an income tax until 1913 so from 1776 to 1913. 137 years of no income taxes that is what exists in the united states now under our form of government protecting individuals from histories lying screeching threatening Christian zionist nazi degenerates. America fought 7 wars. Won 6 and one tied 1. libraries, trains, subways, sewers, roads, airports, you name it and it was all donated by rich people or paid for by the users. Well,

## THE REMEDY

that's how it is again. did i mention if it's immoral... is it illegal? I'll be saying that forever now. Thank you.

6 CORPORATIONS OWN ALL MEDIA.... Everything that goes into your head. There are 9000 radio stations 1500 newspapers 1200 tv stations 1100 magazines 2800 publishers all owned by 6 corporations that have participated in the crime of not reporting 9/11 as a controlled demolition that it was. See 3600 architects and engineers for 9/11 Truth video. Corporations protect stockholders from damages but when the crime is treason all stocks of all u.s.media companies should be confiscated immediately to pay for their crimes against the United States Constitutional Republic. Of course the absolute pinnacle of their fake shit...ISSSSSS..... 9/11 against the sovereign people of the United States Constitutional Republic..... GUARENTEEING WE DONT GET FUCKED OVER BY GOVERNMENT AND THEIR GODS AND KINGS WHICH I SAY AGAIN..... GODS AND KINGS DON'T EXIST IN AMERICA BECAUSE GOD'S CAN'T BE BOMBING PEOPLE IN GOVERNMENT is what all our founding paperwork says. The Constitution is a limit on government POWER and they have no checks and balances now. Just bloody power over others is what they want. . THEY DO have bombing gods in government now, which is illegal in america. You can't say oh yea it would be immoral but now, we made it a law and now its moral. No its still immoral and you're a degenerate collectivist swine virus that, like rats, is eating the seed corn of future generations. Baronal. Union. Seniority. Equity. Empowerment

Christian jew muslim traitors and others are operating an illegal government within the LEGAL AUTHORITY OF THE UNITED STATES CONSTITUTIONAL REPUBLIC WHERE WE OPERATED JUST FINE WITHOUT KINGS AND GODS THAT WERE BANNED HERE IN GOVERNMENT. Jesus was a carpenter and a fisherman which tells me he won't be spending much time asking god to get him a house he'd just build one

and instead of convincing his neighbors to feed him he'd just go fishing. I don't think Jesus would be proud of any killing by any Christian or Catholic ever and to have him come back to earth and say to the Pope you killed 1.16 billion people in my name and everything that comes out of your mouth is a lie to cover up the fact. No Catholic has a right to kill anyone or get into government kill people then blame the country for their Nazi and commie shit No fkn gods OR FKN KINGS in the American government

JESUS HATED MURDERERS .....THEIR STORY IS HE FORGAVE HIS CRUCIFIERS AND SO YOU SHOULD FORGIVE THE POPE HIS 1.16 BILLION PEOPLE KILL he says well they shouldn't have criticized our faith. Irrational is conscripted enslavement by a mechanism that's varied widely but always they were searching for the power of the glorious kings and gods that ruled everywhere but here in America RELIGIONS ARE PROHIBITED IN GOVERNMENT BY THE FIRST AMENDMENT. That's a person who is lost and trying to find his way out of a box he was put in before he was born. they taught me lies for 50 years... lost way out.

GET ROTHCHILDS 900 trillion REPARATION MONEY FOR TURNING THE US MILITARY INTO THEIR PRIVATE POLICE FORCE THAT AMERICANS childrens are now, they presume, will pay off their killing bill... He said it's a testament that that truth has not been known around the world to their ownership of the media. He said this a long time ago. George soros started the ukraine war and created commie BLM.

It's rumored that jesus said that: THE TRUTH WILL SOMEDAY BE KNOWN. He is also rumored to have said thou shall not steal. I like walter williams article titled ...Thou shall not steal unless congresses passes a law. That's an insult that today's Christians don't get because their pushing taxes taxes taxes power power glory unions unions unions we own georgia no title fkn rancid nazis and all that crazy shit. Hell i heard a guy sing a song that they own the world now. CHRISTIANS declairing victory over the 500,000 dead ww2 souldiers that got killed by catholic hitler nazis for protecting their constitutional republic for their communist ZIONIST democrazies..... Fuck you traitors. Fuck you georgia. Fk you south georgia. TAKE THEIR EVERYTHING. .... I own america now..... Im king. I'm reminded of Mark Twain's statement. It's a pity Noah's party didn't miss the boat..... Our blessed republic means sticking up for individual rights, not filthy stinking gang banging collectivist marxist rights. . Their conscriptors and washington's whore mates. Not religions. I don't think jesus would call what he did a religion. Remember they all claim SPECIAL KNOWLEDGE GAINED BY THEIR FAITH AND WORSHIPPING THEIR LORD WHERE MAGIC PARTICLES FLOAT FROM JESUS OWN LIPS AND FILLS THE PERSON WITH GRACE AND HOLINESS that's when they forget they are part of a killing cult that slaughtered billions of their HUMAN victims. . The Christians and their are 50,000 different Christian sects all claim ownership of jesus but he would puke for sure to let them explain to him why they were Christians using his name to kill lie tax defraud extort etc. Your criminals extortionists. That's all you are and all you have ever been.

The symbol of jesus on the cross was what happened to people who didn't pay the kings (or georgia's taxes BOW DOWN TO GEORGIA NOW!).....and his exclusive authority to kill and tax as god's emissaries on earth. Not much was known i understand for about 300 years because jesus crucifixion on the cross was to threaten the people to pay their taxes, support our troops and worship no other gods than the king and his mighty army that god gave ownership over all others to the king OUR CONSTITUTIONAL AUTHORITY SAYS NO GODS AND NO

## THE REMEDY

KINGS IN AMERICA government.

MY GOD SAYS I OWN MYSELF AND I AGREE..... I DON'T BELIEVE IN HEAVEN, ..... I BELIEVE IN HELL..... HELL IS WHERE ALL YOU PEOPLE GO WHO MAKE LIFE HELL ON EARTH. And yes i have applied for HELLS AUTHORITY so i can bring peace to the victims of Christian and jew genocide and their carpet bagging operations ...and all other criminals.. And am honestly hopeful ive been accepted. Crazy i know, but i want it so bad

The protestants think they are not to blame but both worship their ownership of others through THEIR government..... Its their government of god..... They worship govt power over you. They're afraid of each other and have to conform and knuckle under. No that's not fair.. I like very much how things were handled. Their threats WILL be used by us in court, so keep up the good pretense that we are cowards, well i am anyway and they really are frightening in a sense. It is evidence IN COURT TO CONVICT THEM AND their organizations. Bankrupt their church, confiscate their property raise their fkn church property tax. . DO WHAT YOU GOT TO. They have money and it's yours for the asking Maybe they might want to settle out of court for \$100,000 they are at risk also. So sue the union or church or aclu, RECORD COMPANY radio station, announcers, disc jockeys, advertisers and you hit the motherload. Anybody and everybody i think is how its done. ANYBODY has to answer your charges once you know how to do it and there is big money suing the threatening organizations which is

terrorism and if they get sued it could be in the millions... Sue George Soros. The settlement could be in the hundreds of millions for what he's done...by suit, I mean file a complaint, get evidence before you inform them they are a target of your legal aversion for their MONEY. EXTRACT DAMAGES FROM EACH ONE OF THEM INDIVIDUALLY. THEY ARE PRIME TARGETS FOR A LAWSUIT SAYING THEY ARE ENCOURAGING GANG VIOLENCE so you'd have to advertise to see if the evil people and evil songs have affected any negatively. Maybe somebody heard that retard doing a little killing for god..... And maybe somebody did do it and he, the record company, the radio station, the disc jockey, the advertisers, is liable for the damages inflicted on whoever they hurt. SO BRING IT ON. Anyway, continue to NOT be threatening and well bury them in lawsuits later. GOOD JOB! There's big money in this. You can't practice the law but you sure as hell CAN be an expert at helping and being paid for getting people their day in trial by jury. Their clients can make any arrangement they want financially with the people they are helping. Trial by jury, you make it happen. Magistrate they rule.

Every fucking thing that comes out of their mouths is a lie about Jesus.... He was rational like me, not mystic, he wouldn't kill people he was told to and wouldn't support the people killers with taxes BECAUSE it's immoral like me too. SACRIFICE YOURSELF> why? He was a carpenter and fisherman and was fkin rational. Cause and effect, Blab la bla to you but to me it speaks of golden abilities not fathomable to the

And CONSCRIPTION ISM did not end well for them at all. Some worry a great deal the cheka will return and millions will die here for their belief that somebody else owes them something

Im here. I owe you nothing, so don't bother me with help me help me help me shit HELP YOURSELF Your job is to love yourself, to pay for your everything and not expect it from anyone The radio propaganda today is unlistenable but I heard a song that jesus is the answer. What's the question? How does a group of people kill billions of people and still feel good about themselves? JESUS IS THE ANSWER.....2000 years ago rational was unusual and still is because the Christians have retarded our entire species with their irrational jesus shit jesus was a carpenter and fisherman so he was therefore rational, logical, reasonable, factual and he may have also wondered maybe he was not owned by their god but another god that suggested he might not be owned by anyone or like me and MY GOD. TELLING all you Motherfuckers..... I OWN MYSELF and no others. And MY GOD Commanding me to inform you that you OWN YOURSELF ONLY and no other just like me.. THERE IM FKN DONE. That owning others for other than gods and kings was wrong therefore he may have felt responsible for the

# 13<sup>th</sup> Amendment

## NO SLAVERY IN THE UNITED STATES TERRITORY

SLAVERY IS ILLEGAL BECAUSE IT IS IMMORAL. OUR CONSTITUTIONAL PROTECTIONS FROM GOVERNMENT OVERREACH OR BEING TAKEN OVER BY SNEAKING GANGS OF IMMORAL BASTARDS OPERATION IN THE NAME OF DEMONOCRACY OR DUMBOCRACY DONT MEAN SHIT. . AS AN AMERICAN YOU CAN NOT BE A SLAVE IN AMERICA, DEBT SLAVE, SOMEONE ELSE MAKING YOUR DECISIONS SLAVE, DRATED SLAVE, CONSCRIPTED SLAVE OR JUST FUCKED OVER SLAVE, SLAVERY IS ILLEGAL IN AMERICA BECAUSE IT IS IMMORAL. AND ALWAYS HAS BEEN TO US

Talk about slavery. I saw the jews invent unions after the ford strike bloodied the police.. Like 8 jews were at a long table on tv and the two guys standing were there to make last minute changes to the completely jewish decision to create labor unions with the announcer saying their looking at every detail and YES It's completely legal now for UNIONS (better than fuckin scabs) to operate in the united states government. Whitney Webb's work on epstein, 9/11 anthrax attack and her new book ONE NATION UNDER BLACKMAIL is what I would have done if I was smart enough She's so smart and funny too. Why is it always the women that are the most brave? They are though,. Thank god again for

The 30 year Irish war was financed out of boston by the catholics. That's a fact. But instead of being arrested and hung for their crimes against humanity , they install themselves into the cia where we were all invited to their lets have Christian catholic jew kissinger wars party for brian's 73 years of watching them murder us with lies wars and their taxes for JESUS!!!!!!!!!!!!!! DON'T MAKE ME PUKE. The catholics and roman Christians killed jesus because he was rational like me and every other normal human being who doesnt kill people, steal their shit through the government. If Jesus came back today I'd like to hear you explain to jesus why you're not the enemy and should never have preached irrational shit to anybody let alone to your friends.

So somehow Miss Ellie Golding, (I don't know if she is married but if she is I hate him), was 100% right all along. I love her. She is such a brave human saying animal and that's what i am very proud to be also now. A jesus ellie brian rational human animal. I would kill to have a cup of coffee with her but I got squat, no car, no interest in going anywhere..I'm 73..... Ellie and jesus and me , (all rational animals. Why are the girls always the bravest)? I like her so very much.

I'm a fkn truth zealot You may be able to see more clearly now.....hell, i think we all say it to ourselves sometimes. Am i crazy... Or is it the world? Its definatly the world and it don't belong here in america. It was unheard of to live without kings and their gods. We are all rational here now..... We are all VOLUNTARY here now.....

ALL IMMORAL LAWS are NULL AND VOID BECAUSE OF OUR NERUEMBERGER TRIALS AGAINST THE GERMAN CATJOLIC NAZIS JEW HITLER..... Original Pledge; I pledge allegiance to MY flag and the Republic it stands for, one nation indivisible with liberty and justice for all. Eisenhower put the under god part in. YOU FILTHY mother fuckers. Jesus would say)))..... That's where he got his vatican property for free too..... With him owning it forever cause he extorted 550 million in gold from tito mousalini and all their AGREEMENTS ARE NOW NULL AND VOID. The vatican property should revert back to before mussolini and to have the pope pay his fair share of reparations to the world of \$500 trillion dollars to help the suffering victims of catholic UNION AGGRESSION in reparations for ROMAN catholic terrorism...the italian govt should reclaim the GOLD mussolini

Then, when the pope is kicked out of the vatican FOR CRIMES AGAINST HUMANITY then their library can be opened and we can see how much MORE they really owe US FOR THEIR CRIMES the fucking library is what i want to get into.. Maybe the priests on my and the real jesus side,... NOW can help us? GET to the bottom of their CRIME WAVE through the information in their confiscated library. Tks ok britain for releasing my rational and eternal friend JULIAN ASSANGE.....just kidding... Go fuck yourself..... As for the outpouring of concern and affection for me?..... I have had an address and phone for all my life and on twitter for 6 years and none offered me money or in any way paid me a penny so i did it for me and i think jesus did it for himself too, so don't sacrifice to the 170 million female clan represented by that psycho oxanna congresswomen claiming she is the most powerful female in the world? Go fuck yourself cunt and cunts. To American Constitutional Republic you are a traitor and have participated in the Killing of between 2 to 22 million by the traitors calling themselves jewdeo Christian democrazies. I'll see you in court first. In fact i brian f bailey sue oxanna as a traitor and terrorist of humanity. 4/15/2023 I'm officially disbanding the united states democracies military and reinstalling them under the United States Constitutional Republic where we now stick up for individuals rights not gang banging SUCK MY DICK through government rights. The states militias known as whatever are back under control of the states NOT the federal government who killed them needlessly and without concern. They are a state assurance against the federal assholes gone insane with egos and murder.

In ww2... 500,000men died FOR MY Constitutional Republic and all the americans who fought and died to not be consumed by gangster religions that were never permitted in america because of the war shit they do and did the most heinass reasonless crime other that to cover up another crime, them stealing 2.5 trillion from defence budget, if thats a reason? Naaaa thats shit this is the biggest crime cause it has lead to the biggest criminals in the history of the world the Christians and jews. 9/11 leading to the unraveling of the great jewdeo Christian killing machine. Go fuck yourselves .....americas constitutional REPUBLIC stays .....and your jewdeo Christian democracy goes. . They went to war saying. Not here in america and not here with our remedy that may help the brave rational warriors, reclaim your and our lives by challenging every single imposition they have ever made....., for their own benefit. , FROM YOU and your family.

I got to talk because of a supreme court justice anthony scalia. He said we have free speech in this country so they said they wouldn't kill me like we all wanted and that scalia was killed while obama and holder were president and vice pimp. They cremated his body within 3 days, no autopsy with the bereaved widow signing a piece of paper that said she gave them permission to cremate the body. He's a public official and his death was to be covered by an autopsy and complete investigation of the criminals in office that killed him. So all the supreme court justices know that.... And are,... I suspect. Told what to do by the same guy or guys that beat the living shit out of harry reed to within an inch of his life A man whose every syllable, of every word he has ever spoken,....

I like lew rockwell's article DOWN WITH THE PRESIDENCY..... (LEW ROCKWELL... AND RON PAUL ARE the good guys). And the unimaginable power that these groups have anointed themselves with. I mean yesterday i hear biden LIE that the 30 yr irish english war did some good with business returning to northern ireland for the stable peace their now That means govt suck money pouring into their CATHOLIC brothers government is Christians god..... They worship the god of government..... Catholics in boston financed that war and to have biden and his ilk of terrorists and traitors claim otherwise makes me know that everything that comes out of the governments radio, tv and their bought and paid for media by 6 corporations. Is a traitorous group of bastard news liars..... NOT TALKING ABOUT 9/11 ssss MOSSAD AND THE TRAITORS IN THE US GOVERNMENT isssssssssssssss the CRIME OF TREASON

But that biden ireland thing was too much for me..

I'm a 1776 constitutional republic FREE MAN, fighting for my 500,000 men killed in WW2, my pledge of allegiance and 137 years on No INCOME tax in america!!!!!!!!!!!!!!!!!!!! He said give us tired, bleeding, complaining, useless cocksuckers so they can pimp their communism here which is their WEAPON AGAINST US... THEY WORK OUT OF 50 AND 100 YEAR PLANS..... Would you like a biden catholic 100 or 200 million kill in america here for saving his union catholics in the ukraine. Why dont all the catholics in the united states go over there and fight along side your catholic union BROTHERS ( the mafia could just scare putin to death if they would go over there and threaten them like they threaten us) and leave us all the fuck alone, then we wouldnt be dragged into another filthy stinking catholic war against humanity. Hang the pope for his ongoing crimes against the soulless stinking atheists he likes to kill for his JESUS warzzzzzzzzzzzzzzzzzz That ought to bring the rents down.

GET RELIGION OUT OF GOVT. ITS FKN IRRATIONAL (they are other peoples child killers and smile to their powerful selves while chanting some dogma or other. Completely the opposite of jesus. And move on.org, blm, ETC ZOROS was a German jew who processed other jews for the gas chambers and the confiscation of their assets. He claimed to be a nazi. Didn't bother him because he said if he didn't.... Someone else would,. So he might as well kill his own

people?? Sick fucker..... Get out of america ZOROS before your arrested and we get to extradite you from wherever you run to. Might prevent your jailing for treason and crimes against humanity for a little while anyway. Every single crime of blm should be paid for by soros now and after he is in jail AND DEAD cause he is the one that busses the communist criminal terrorists around for them to terrorize people (wealthy, responsible, co criminal to the blm, TERRORIST, i smell money) cause they are racist, white people hating, merrick garland AND FKN JOE (CLEANSE THE MILITARY of white systemic racists) BIDEN..... WEAPONIZING blacks, filling them with hate because THEY WANT COMMUNISM NOW AND A RAISE LIKE THE OTHER UNIONS GET FROM US FILTHY SCABS. BLACKS have been weaponized to hate whites all their lives by union goons and now they want to be a union too and all the other communist and nazi UNIONS agree. Humans install new software by reading..... The take away from all this is, your george soros nazi union has been revoked along with every single union ever created to steal other people's shit through the government. You're in america man, the best place in the world. Thats why they, ok britan, had to fuck us up so badly with lincoln, ww2, 9/11 the whole stinking rotten lie. get if ya don't blow it And then everyone will love you, till you run out of money..... No money...no honey they say in cambodia Yea its 4 out of 5.

Hookers everywhere charge about 4 times the dailey average wage so look up the country's wages, it may be \$2.00 a day times 4 is 8 bucks. Thai etc it changes but whatever you want is out there For 18 year old pussy is 10 dollar short time. Best pussy i ever had was 3 bucks there but then i didn't want to anymore so she was gonna kill me, then kill herself. They are really something and for gods sake dont marry one cause their mothers tell them what to do. Period. But anyway that's why short time makes sense. So for 1 month a year, go over there and get beautiful women to do what you want and not negotiate with her lawyer, priest, girlfriends or other pimps. Here in America you could have your white girlfriend call her big black friend that will beat her boyfriends up, if the white girls ask them to. I think that is so gallant. I applaud all of your back door shit. Thankyou. American women have turned themselves into a commodity. Most guys now are just getting maids for a year or whatever. The price of pussy in america is gonna crash cause who needs foul white women? And who the hell can compete for the 1 out of 5 girls who don't? I don't want them but I'm not anything they want either. Oh and you're not allowed to say it but 1 out of 17 black MEN will hear these words. YOU HAVE AIDS. The highest infection rate in the world. I think highest in std's too but I'm not sure. 1 out of 5 white women have std;s i'd say go and bone 50 18 year olds for 500\$

dollars for a month every year. No crack no aids. A woman in America will cost you 5.5 million for three kids,a house and cheap college. Add for inflation and they still think people want them. That's 12 years of bloody periods, 100 visits to the gyno dr 2 visits to the hospital each year with them always dying and then outliving you by 10 years on average so you better make sure you're thinking with the right head mack. Insurance,.. House, her stocks bonds vacation house vacations in the winter this that and shit you won't believe. On and on... it is just not worth it cause they get old quick if they don't have a brain to interest you on their shoulders so who wants them? They are a commodity and they know it with their record. The average girl goes on 200 dates before she gets married so that's a possibility of 200 different medusa snakes in her head she can compare you with and be so disappointed in you as always cause she is not happy. God save us all.

**VOLUNTARISM:** The common sense idea that all forms of human interaction should be voluntary...with the assertion that any act of violence other than self defense, whether by an Individual or ORGANIZATION. IS ILLIGITIMATE AND UNLAWFUL.

I'm a voluntary volunteer. A libertarian just wants them to loosen their wrist chains and lobby for only one foot shackle,. Someday, hopefully, maybe..... That's not fair! Mr. Murry Rothbards and Mr. Milton Friedmand are Gods to me. And Mr. Arron Russo..... Gods all of them Ron Paul, everyone over at ffff Future Freedom Foundation, GODS ALL OF THEM . Way to many to list here
